1 Hole 1: “Shenandoah Opener”

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

PAR 5 | HDCP 7 (M) / 3 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
478y	451y	418y	418y	349y	265y

KEY STRATEGY THEME: Uphill Slight Dogleg Right · Zero Roll · Aim Left-Center for Slice

⛳ GREEN READ: Slopes right-to-left · Misses right leave a slick sidehill chip

NO-GO ZONES ON HOLE 1:

- ⛔ Right Dogleg Trees (TREES)
- ⛔ Front-Left Bunker (BUNKER)
- ⛔ Greenside Left Trap (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

An uphill Par 5 bordered by trees that gives almost zero roll off the tee. Because high-handicappers miss short and right, aiming down the middle pushes drives into the right dogleg trees. Aim up the left-center edge and add +1 full club on every uphill shot.

📋 **Virginia Golf Guy Tour Review & Spotswood PGA Pro Notes:** *“From the tee, it doesn't look like the slope in the fairway should affect play, but I didn't get much roll and it was tricky to get weight shifted... The layup is blind so make sure to get it to the top of the hill. The green slopes from right to left so try not to miss it right.”*

SHOT 1 Anti-Slice Tee Shot

🎯 Left-Center Fairway (Slice Buffer) (~212y (Black/White) · ~181y (Gold))

CLUB: High-Lofted Driver (10.5°+) or 3-Wood — tee it slightly higher for uphill carry

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the LEFT-CENTER fairway edge so your natural left-to-right fade lands dead center.

↗️ **Short & Right Miss Fix:** Starting at the left-center edge gives your fade/slice 25 yards of fairway room and keeps you out of the right dogleg trees. The uphill grade kills roll, so expect a 175–190 yd total.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Teammate safe in the fairway! Aim at the left fairway bunker/tree line and let a full Driver fade into the center upslope.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID aiming center or right—a slice into the right trees blocks out your second shot completely.

Why: Reviewers note the uphill slope absorbs all roll off the tee and makes weight transfer tricky on the opening swing.

SHOT 2 Blind Crest Layup

🎯 Left-Center Top of Crest (90 Yds Out) (Plays ~158 yds)

CLUB: 5-Hybrid or 7-Iron (+1 extra club to carry the top of the blind ridge)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim LEFT-CENTER over the blind hill crest with a lofted hybrid or 7-iron to reach the flat 90-yard plateau.

↗️ **Short & Right Miss Fix:** Uphill lies cause weak right pushes that die into the hill face. Take +1 extra club and aim left-center so your ball clears the crest and avoids the right rough.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Crest layup is safe! Advance a 4-Hybrid up the left-center throat to 30 yards short of the green.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

DO NOT hit a low-lofted 3-wood into the steep bank or miss short of the crest (leaves a blind 3rd shot).

Why: Course reviewers emphasize you must carry the top of the hill on your layup just to see the green for your third shot.

SHOT 3 Back-Left Number Approach

🎯 Back-Left / Center Quadrant (Plays ~95 yds)

CLUB: 8-Iron or 9-Iron (instead of PW) — play the BACK green number

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Take +1 FULL EXTRA CLUB (play the BACK yardage) and aim at the LEFT-CENTER of the green.

↗️ **Short & Right Miss Fix:** High-handicappers leave 80% of uphill wedges short-right. On #1, the green tilts right-to-left, so missing right leaves the hardest downhill chip on the front nine!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Aim 4 yards right of the pin with +1/2 club and let the right-to-left tilt feed it to the cup.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER miss wide right of the 1st green—chips from the right bank race away down the right-to-left slope.

Why: Balls landing on the center or left-center hold nicely, whereas any short-right miss faces a treacherous sidehill pitch.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

2 Hole 2: "The Bunker Ring" PAR 3 HDCP 15 (M) / 11 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
169y	155y	155y	149y	100y	98y

KEY STRATEGY THEME: Downhill Par 3 · 6 Surrounding Bunkers · Play Back-Left Yardage

⛳ GREEN READ: Ringed by 6 bunkers · Steep hill drop-off left

NO-GO ZONES ON HOLE 2:

⛔ Large Left Bunker (BUNKER) ⛔ Front-Right Bunkers (BUNKER) ⛔ Left Guard Bunkers (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

A downhill Par 3 encircled by six sand traps. While the elevation drop tempts players to club down, high-handicappers who club down almost always flare it short-right directly into the front-right bunker complex.

📋 **Virginia Golf Guy & Spotswood CC Hole Guide:** *"This is one of the well-bunkered holes! There are a half dozen bunkers which surround most of the green and test someone's ability to hit an accurate mid-iron. The large bunker to the left protects wayward tee shots from rolling down the hill."*

SHOT 1 Full-Club Center-Left Tee

🎯 Center / Back-Center of Green (~170y (Black/White) · ~100y (Gold))

CLUB: Full Flat-Yardage 6-Iron, 7-Iron, or Hybrid (ignore the downhill drop!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

DO NOT club down for the downhill drop! Play your full flat Center/Back yardage and aim at the LEFT-CENTER of the green.

↗️ **Short & Right Miss Fix:** Slightly mishit irons lose 12 yards and drift right into the twin front-right bunkers. Playing your full flat yardage aimed left-center guarantees you carry the front sand.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the dance floor! Now you can club down 1/2 club and fire directly at the flagstick.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID under-clubbing into the front-right bunkers or pulling hard left into the giant hillside trap.

Why: Six bunkers guard 80% of the perimeter; carrying the front traps to the fat back-center of the green is an automatic two-putt par.

SHOT 2 Defensive Lag Putt

🎯 3-Foot Par Circle (Putting Surface · Depth 24y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Lag your first putt to a 3-foot circle on the high side and tap in for par.

Putting Read: Bentgrass greens here roll faster than public courses—start your putt 6 inches higher than you think.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Par is in! Give the birdie putt an aggressive roll at the high half of the cup.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

DO NOT race your first putt 5 feet past the hole.

Why: Walking off a 6-bunker Par 3 with a routine two-putt par keeps scramble momentum rolling.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

3 Hole 3: "The Chute Dogleg" PAR 4 HDCP 11 (M) / 13 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
328y	311y	311y	233y	232y	170y

KEY STRATEGY THEME: Short Dogleg Right · Hard Left-to-Right Slope · Blind Uphill Green

⛳ GREEN READ: Blind uphill surface · 4 bunkers guarding the right side

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

The shortest Par 4 on the course is a double trap for high-handicappers: the downhill fairway kicks hard left-to-right (magnifying a slice into the right trees/bunkers), and the uphill blind approach causes 90% of players to miss short-right in the 4 stair-stepped bunkers.

📋 **Virginia Golf Guy & Spotswood CC Course Guide:** *"It plays downhill off the tee to a fairway that slopes hard from left to right. The hole turns to the right and the approach plays back uphill to a green with a surface that isn't visible from the fairway."*

SHOT 1 Far-Left Chute Layup

🎯 Far-Left Fairway (95 Yds Out) (~194y (Black/White) · ~148y (Gold))

CLUB: Hybrid, 5-Wood, or 6-Iron (175–190 yds) aimed at the left edge

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Leave Driver in the bag! Hit a 175–190 yd Hybrid or 6-iron aimed at the FAR-LEFT edge of the fairway.

↗️ **Short & Right Miss Fix:** Because the fairway tilts severely left-to-right AND your natural shot fades right, aiming down the middle kicks your ball straight into the right rough/trees. Aiming far-left funnels your ball into the flat center valley!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Valley layup is safe! A second player can hit a 205-yard club slightly further into the lower valley for a 65-yard pitch.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER hit Driver or try to cut the right corner—a slice right is dead in the trees or 4 right-side bunkers.

Why: Letting the downhill left-to-right camber feed a left-aimed hybrid into the valley leaves a level 95-yard wedge.

SHOT 2 +2 Club Blind Uphill Approach

🎯 Back-Left Quadrant of Green (Plays ~122 yds)

CLUB: 8-Iron or 7-Iron (for a 95–105 yd shot — do NOT hit a short wedge!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Take +1.5 to +2 EXTRA CLUBS (play the BACK green number + 5 yds) and aim at the LEFT HALF of the blind green!

↗️ **Short & Right Miss Fix:** Four bunkers stair-step up the entire front-right and right side of this blind uphill green. Aiming left with two extra clubs completely eliminates all four sand traps!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Take +1 extra club and fire high at the flagstick.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER miss short or right—all 4 bunkers sit short-right waiting for under-clubbed fades.

Why: Because the putting surface is hidden uphill, high-handicappers chronically under-club into the right traps.

SHOT 3 Two-Putt Finish

🎯 Cup Center (Putting Surface · Depth 25y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Roll your putt smoothly across the elevated surface for an easy par.

Putting Read: Once you bypass the 4 right-side bunkers, the green surface itself has gentle, readable contours.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Aggressive birdie roll right at the center of the cup!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Don't leave birdie putts short in the heart.

Why: Hitting this blind green in regulation picks up a full stroke on the field.

NO-GO ZONES ON HOLE 3:

- ⛔ Right Corner Trees (TREES)
- ⛔ Right Approach Bunkers (BUNKER)
- ⛔ Greenside Right Trap (BUNKER)

4 Hole 4: "Tree-Backed Par 3"

PAR 3 | HDCP 13 (M) / 15 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
186y	155y	155y	125y	123y	105y

KEY STRATEGY THEME: Slightly Downhill · 30-Yd Deep Green · Left Bunkers & Back Trees

⛳ **GREEN READ:** Large 30-yd deep green · Ridge on right third

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

A generous 30-yard-deep Par 3 protected by left-side bunkers and small penalty trees tightly lining the back collar. For a short-and-right hitter, aiming at the front-left pin area lets your natural fade land safely in the dead center of the green.

📋 **Virginia Golf Guy & Spotswood CC Hole Guide:** *"It has a large green which I always like to see when having to hit a long iron. The pin was tucked in the back right corner over a bunker... I ended up pin high left and had to chip across a ridge on the right third of the green. Small trees behind the green penalize a ball that carries the surface."*

SHOT 1 Center-Yardage Fade Tee Shot

🎯 Center of Green (Start Left-Center) (~179y (Black/White) · ~123y (Gold))

CLUB: 5-Hybrid, 6-Iron, or 7-Iron (play exact CENTER green yardage)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play the exact CENTER green yardage and aim at the LEFT-CENTER of the green so your fade settles middle.

↗️ **Short & Right Miss Fix:** A bunker guards the back-right corner and a ridge divides the right third of the green. Starting your shot at the left-center with your Center-yardage club keeps your fade on the fat middle of the green and short of the back trees.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the center of the green! Now a second player can shape a high shot closer to the flag, staying short of the back collar.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER chase a tucked back-right pin over the right bunker OR over-club into the small trees behind the green.

Why: Reviewers warn that the back-right pin is a sucker trap over sand, and going over the back leaves an unplayable lie in small trees.

SHOT 2 Putting Across the Right Ridge

🎯 Hole Location (Putting Surface · Depth 30y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Pay attention to the spine dividing the right third of the green from the left two-thirds.

Putting Read: Putts crossing the right-third ridge pick up speed once they crest the spine—die the ball at the hole.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Read the spine break from your teammate's putt and pour it in!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Avoid blowing lag putts past the right-side ridge.

Why: Course reviews specifically call out the ridge along the right third of #4 green as a three-putt trap.

NO-GO ZONES ON HOLE 4:

⛔ Left Guard Bunkers (BUNKER) | ⛔ Front-Left Bunker (BUNKER) | ⛔ Penalty Trees Behind Green (TREES)

5

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

Hole 5: "Blind Crest to Steep Green"

PAR 5 | HDCP 5 (M) / 1 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
473y	460y	398y	398y	346y	234y

KEY STRATEGY THEME: Blind Tee Shot · Severe Right-to-Left Fairway · Tiny 18-Yd Steep Green

⛳ GREEN READ: Tiny (18 yds deep) · Vicious back-to-front & sideways tilt

NO-GO ZONES ON HOLE 5:

- ⛔ Severe Sidehill Rough (SLOPE)
- ⛔ Deep Right Bunker (BUNKER)
- ⛔ Deep Front-Left Bunker (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

A short Par 5 with a blind tee shot over a crest onto a fairway that tilts severely from right to left. Good news for slicers: the steep right-to-left fairway camber cancels out your slice! The tiny 18-yard-deep elevated green sits behind two deep bunkers and slopes viciously back-to-front.

📋 **Virginia Golf Guy & Spotswood CC Hole Guide:** *"The tee shot is blind, but the good news is that there isn't any hidden trouble. The fairway slopes severely from right to left... If going for the green in two, the second shot is straight uphill to a small green that slopes from back to front. I had a five foot putt that broke sideways. There are a couple bunkers short of the green that get a lot of action."*

SHOT 1 — Blind Crest Tee Shot

🎯 Center Crest (Slope Cancels Slice!) (~228y (Black/White) · ~180y (Gold))

CLUB: Driver or 3-Wood swung smoothly over the center horizon tree

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim straight over the CENTER of the blind crest—the severe right-to-left fairway slope will catch a fade/slice and kick it into the middle!

↗️ **Short & Right Miss Fix:** Don't fear your right fade here! The fairway banks hard from right to left like a racetrack, funneling right-side tee shots back into the center.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Ball safely in play! Tee it high and rip Driver over the center-left crest to reach the flattest strip on the left edge.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID aiming too far right into the high rough bank where the ball sits steeply above your feet.

Why: Reviewers note there is zero hidden trouble over the blind hill and the right-to-left bank helps keep fades in play.

SHOT 2 — Hook-Lie 90-Yd Shelf Layup

🎯 Flat Shelf (88 Yds Short of Green) (Plays ~139 yds)

CLUB: 7-Iron or 8-Iron choked down 1 inch — DO NOT go for this tiny green in two!

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Choke down 1 inch (ball is above your feet) and lay up with a 7-iron or 8-iron to the flat area 85–95 yards short of the green.

↗️ **Short & Right Miss Fix:** Never hit a fairway wood off a severe right-to-left sidehill lie—it causes chunks or wild hooks. A simple mid-iron layup to the flat 90-yard shelf guarantees a level stance for Shot 3.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

90-yard level layup is locked in! A second player can advance a high hybrid toward the front-left apron.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER attack the tiny elevated green in two—2 deep front bunkers catch every under-clubbed or faded wood.

Why: Both the club pro and reviewers warn that the twin deep front bunkers 'get a lot of action' from greedy second shots.

SHOT 3 — All-Carry Uphill Wedge

🎯 Center-Left of Green (Clear Front Traps!) (Plays ~86 yds)

CLUB: 9-Iron or 8-Iron (+1 club for steep uphill carry over the twin front traps)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Take +1 EXTRA CLUB to carry the two deep front bunkers, aiming at the LEFT-CENTER of the green (stay below the back tier!).

↗️ **Short & Right Miss Fix:** This green is only 18 yards deep and sits straight uphill behind two deep traps. A short-right miss plugs in the deep right bunker or leaves an impossible sidehill chip.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Attack the pin with a high-trajectory iron that lands center-left and stops quickly.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER miss short-right in the deep bunker OR go over the back edge (vicious downhill/sideways putts!).

Why: Reviewers report 5-foot putts breaking sideways if you get above the hole or right of the pin on #5.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

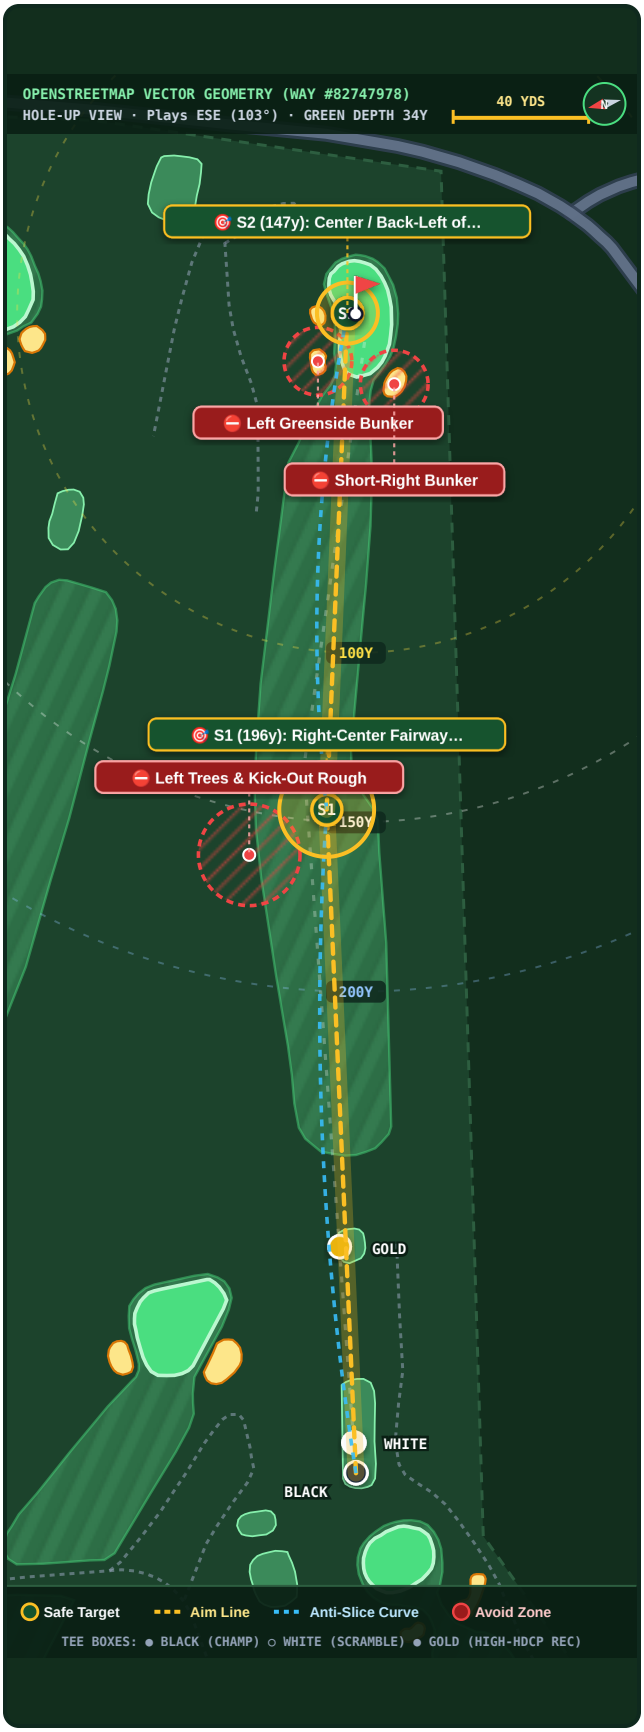

6 Hole 6: "The Camber Trap"

PAR 4 | HDCP 3 (M) / 5 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
342y	333y	333y	327y	275y	220y

KEY STRATEGY THEME: #3 Handicap (342 Yds) · Severe Right-to-Left Fairway & Green

⛳ GREEN READ: Slopes hard right-to-left · Stay left/below the hole

NO-GO ZONES ON HOLE 6:

- ⛔ Left Trees & Kick-Out Rough (TREES)
- ⛔ Left Greenside Bunker (BUNKER)
- ⛔ Short-Right Bunker (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

Why is a 342-yard Par 4 ranked the #3 handicap? Because the semi-blind fairway and green tilt severely from right to left. For a high-handicapper who hits it short and right, this hole's tee shot actually fits your eye—your fade lands into the right bank and kicks to the middle!

📋 **Virginia Golf Guy & Spotswood CC Hole Guide:** *"It is pretty uncommon to find a 342 yard hole ranked as the #3 handicap! The tee shot is semi-blind but someone should favor the right side for a bounce to the left. I hit a hybrid off the tee and faced a hook lie with a mid iron. To do over I might have tried to hit a driver in hopes of better control with a sand wedge."*

SHOT 1 Driver Up the Right-Center Bank

🎯 Right-Center Fairway Bank (~196y (Black/White) · ~176y (Gold))

CLUB: Driver aimed center-right (let the right-to-left bank catch your fade)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim down the CENTER-RIGHT of the fairway with Driver! Your natural fade will hit the upslope and kick left into the center.

↗️ **Short & Right Miss Fix:** As Virginia Golf Guy discovered, laying back with a hybrid leaves a long mid-iron from a severe hook lie! Hitting Driver up the right-center bank gets you closer so you only have a short wedge from the slope.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Fairway ball is in! Rip Driver down the right half to get inside 100 yards.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID aiming left (rolls into left trees) or laying too far back (leaves a brutal long-iron sidehill stance).

Why: Getting as close to the green as possible on #6 lets you hit a controllable lofted wedge off the severe sidehill lie.

SHOT 2 Sidehill Lie +1 Club Approach

🎯 Center / Back-Left of Green (Plays ~147 yds)

CLUB: 8-Iron or 9-Iron (+1 club, choked down 1 inch for the ball-above-feet lie)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Choke down 1 inch (ball is above your feet) and take +1 EXTRA CLUB aimed at the CENTER of the green.

↗️ **Short & Right Miss Fix:** A short-right bunker guards the front-right corner, and missing right of the pin leaves a lightning-fast right-to-left putt. Choking down on +1 extra club carries the front-right bunker and lets the slope feed the ball to the middle.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Aim 4 yards right of the flag and let the sidehill draw bring it right to the hole.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER miss short-right in the front bunker OR leave your ball high on the right side above the hole.

Why: Choking down 1 inch takes 8 yards off your distance—taking +1 extra club prevents coming up short in the front-right sand.

SHOT 3 Right-to-Left Slope Putt

🎯 Hole Center (Putting Surface · Depth 34y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play generous right-to-left break and focus on dying the ball at the cup.

Putting Read: Everything on #6 green breaks toward the left bunker—never miss on the low (left) side.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Start it well above the high right edge and drip it in!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

If you are on the right half above the hole, barely breathe on the putt.

Why: The green mirrors the severe right-to-left camber of the fairway.

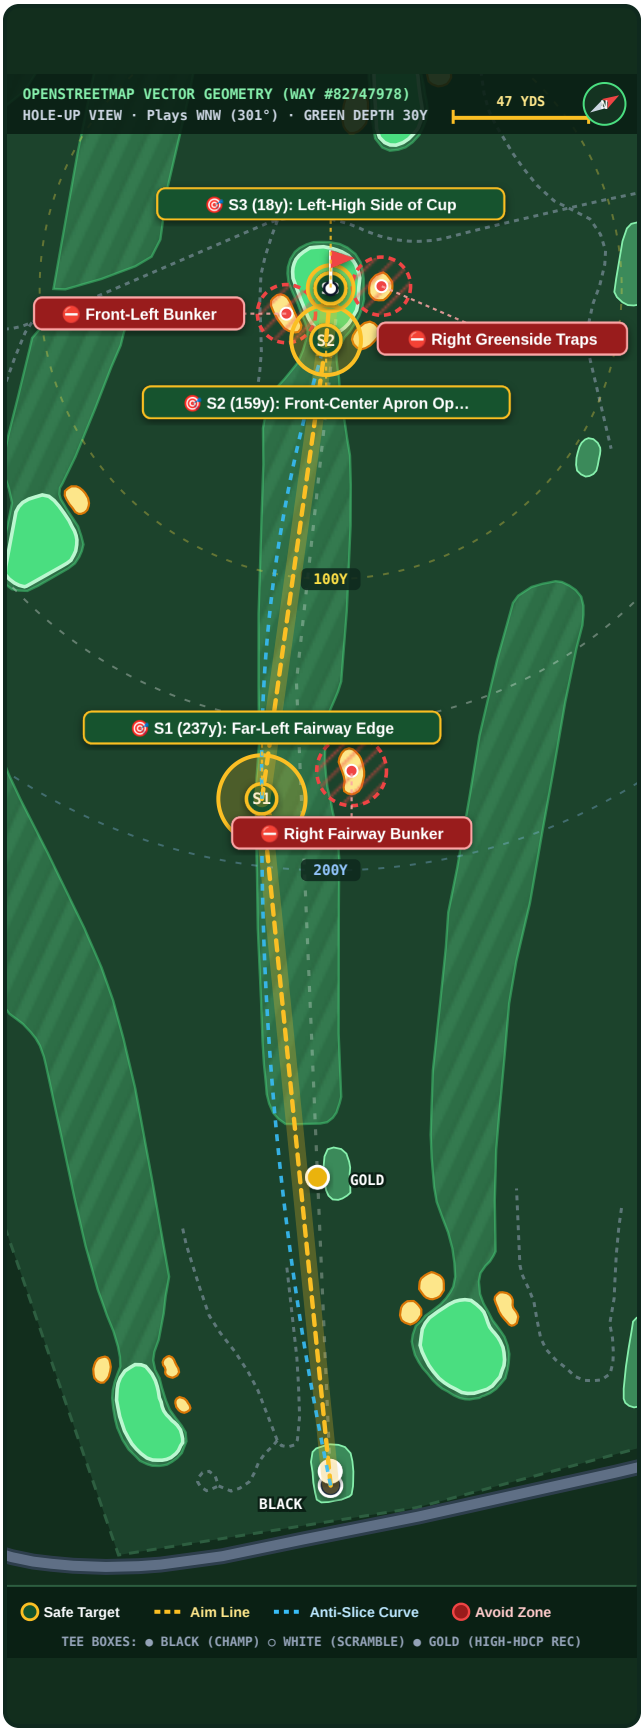

7 SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

Hole 7: "The Monster (#1 Handicap)" PAR 4 HDCP 1 (M) / 9 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
412y	407y	311y	311y	306y	200y

KEY STRATEGY THEME: Stroke Index #1 · 412 Yds Into Wind · Left-to-Right Fairway Kick

⛳ **GREEN READ:** Slopes left-to-right · 2 right traps & 1 front-left trap

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

The hardest hole at Spotswood: a 412-yard Par 4 playing into the prevailing wind with a fairway that kicks left-to-right toward a right fairway bunker. Because high-handicappers already miss short and right, this hole will swallow any drive aimed down the middle!

📋 **Virginia Golf Guy & Spotswood CC Pro Notes:** *"This is the longest par 4, and the hardest hole, on the course. Usually plays into the wind. The tee shot should favor the left side of the fairway for a bounce to the right and there is a ridge in the fairway. Most players will be happy to walk off with a par."*

SHOT 1 Far-Left Anti-Slice Tee Shot

🎯 Far-Left Fairway Edge (~237y (Black/White) · ~196y (Gold))

CLUB: Driver or 3-Wood with a smooth 85% tempo (swinging hard into the wind spins slices right!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the FAR-LEFT edge of the fairway! Both your natural fade AND the fairway slope will push the ball right.

↗️ **Short & Right Miss Fix:** A headwind magnifies a slice, and the ground slopes left-to-right into a right fairway bunker. Starting your ball down the far-left edge is the only way to finish in the center of the fairway!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Left-center ball is safe! Tee it slightly lower to bore through the wind and rip Driver up the left half.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER aim center or right—the wind + left-to-right slope + fade will put you straight into the right bunker or trees.

Why: Course reviewers note the fairway kicks left-to-right into the prevailing headwind.

SHOT 2 Front-Left Apron Smart Layup

🎯 Front-Center Apron Opening (Plays ~159 yds)

CLUB: 5-Hybrid or 6-Iron (+1 extra club for the headwind)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Do NOT force a long wood at the green! Aim at the LEFT-CENTER front apron opening so a short-right fade rolls onto the front fringe.

↗️ **Short & Right Miss Fix:** Two bunkers guard the entire right side of the green, and the green slopes left-to-right toward them. Playing a hybrid/iron aimed at the left-center apron keeps your fade out of the right sand traps.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Apron ball is safe! Now take +1.5 extra clubs for the headwind and aim at the left-center of the green.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID forcing a 3-wood that slices into the two deep right greenside bunkers.

Why: Bogey is better than field average for high-handicappers on the #1 handicap hole, and chipping from the front apron sets up an easy 4 or 5.

SHOT 3 Bump-and-Run Par Saver

🎯 Left-High Side of Cup (Plays ~18 yds)

CLUB: Putter or 8-Iron Bump-and-Run (Texas Wedge)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Use your putter or an 8-iron bump-and-run from the front apron, aiming slightly LEFT of the cup.

↗️ **Short & Right Miss Fix:** The green tilts left-to-right—chips aimed straight at the flag will drift low and right.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Roll the par/birdie putt firmly inside the left edge!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER pull a 60° lob wedge from tight grass into the wind.

Why: A simple ground-game roll onto #7 steals a par or bogey where other teams card double.

NO-GO ZONES ON HOLE 7:

- ⛔ Right Fairway Bunker (BUNKER)
- ⛔ Right Greenside Traps (BUNKER)
- ⛔ Front-Left Bunker (BUNKER)

8 Hole 8: "The Right Bunker Dip"

PAR 4 | HDCP 9 (M) / 7 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
380y	356y	356y	349y	342y	217y

KEY STRATEGY THEME: Long Right Fairway Bunker · Downhill Dip · Deep Greenside Traps

⛳ GREEN READ: Downhill approach · Ringed by extra-deep bunkers

NO-GO ZONES ON HOLE 8:

- ⛔ Long Right Fairway Bunker (BUNKER)
- ⛔ Left Crest Trees (TREES)
- ⛔ Deep Front-Right Trap (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

A textbook hazard layout that targets the short-and-right golfer: a long fairway bunker lines the entire right landing zone at 175–210 yards, and deep high-lipped bunkers guard the front-right entrance to the green. Aim left off the tee and play the back number into the green!

📋 **Virginia Golf Guy & Spotswood CC Pro Notes:** *"A long fairway bunker lines the landing area to the right of the fairway. Someone can lay it back in order to avoid the bunker on the right... Past the bunker, the fairway dips down to the right towards the green. The bunkers surrounding the green are relatively deep."*

SHOT 1 Left-Half Anti-Bunker Tee

🎯 Left-Center Fairway (Clear of Right Trap) (~233y (Black/White) · ~219y (Gold))

CLUB: 3-Wood or Hybrid aimed at the left-center fairway

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim down the LEFT-CENTER of the fairway with a 185–205 yd club so your fade stays well left of the long right fairway bunker!

↗️ **Short & Right Miss Fix:** The long right fairway bunker sits at the exact distance and right-fade line of a typical high-handicap drive! Aiming down the left-center half takes that long right bunker completely out of play.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Fairway ball is safe! Now hit Driver up the left-center crest to reach the downhill dip for a short wedge.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER aim down the center or right—your fade will fly straight into the long right fairway bunker.

Why: Reviewers highlight this hole as a pure strategy tee shot: stay out of the long right trap and avoid the left trees at the top of the hill.

SHOT 2 Back-Left Number Approach

🎯 Back-Left / Center of Green (Plays ~151 yds)

CLUB: Full Center/Back Yardage Iron (7-Iron or 8-Iron — do not under-club!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play the BACK-CENTER yardage and aim at the LEFT-CENTER of the green to fly completely over the deep front-right bunker!

↗️ **Short & Right Miss Fix:** Even though the approach dips downhill, coming up short-right puts you in one of the deepest, steepest bunkers on the course. Playing the back-center yardage aimed left-center guarantees green grass.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Green is hit! Attack the flagstick, making sure you carry at least 5 yards past the front bunker lip.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

STAY OUT of the deep front-right and greenside bunkers—high-handicappers often need 2 swings to escape.

Why: Both the club pro and reviewers warn that #8's greenside traps are unusually deep and penal.

SHOT 3 Smooth Two-Putt

🎯 Hole Location (Putting Surface · Depth 35y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Two-putt smoothly across the 35-yard-deep surface for par.

Putting Read: Once on the putting surface, #8 has very true, predictable rolls.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Pour in the birdie putt!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Don't leave long putts short on this 35-yard-deep green.

Why: After avoiding the deep traps, #8 is a great scoring green.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

9 Hole 9: "The Optical Illusion" PAR 3 HDCP 17 (M) / 17 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
168y	146y	139y	139y	133y	85y

KEY STRATEGY THEME: Looks Downhill But Plays Flat · Left Hill Kicks Onto Green · Short-Right = Sand!

⛳ GREEN READ: 37 yds deep · Left bank funnels balls onto green · Bunkers short-right

NO-GO ZONES ON HOLE 9:

⛔ Short-Right Bunker (BUNKER) ⛔ Right Greenside Trap (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

The ultimate trap for a short-and-right golfer! Hole 9 looks downhill from the tee box, tempting players to club down—but it actually plays completely flat to a massive 37-yard-deep green. Worse yet, visible bunkers sit short-right, while a grassy hill on the left kicks balls onto the green!

📋 **Spotswood CC PGA Pro Notes & Virginia Golf Guy:** *"While the 9th hole appears to be downhill, the final par 3 of the front nine plays relatively flat. A left miss may kick down the hill towards the green, while a short or right miss may find one of the greenside bunkers. The green is deep, and shadows from surrounding trees make it tough to judge distance."*

SHOT 1 +1 Club Left-Bank Funnel Shot

🎯 Left-Center / Back-Left (Kick Slope!) (~167y (Black/White) · ~133y (Gold))

CLUB: 6-Iron, 7-Iron, or Hybrid (+1 club over Center yardage — NEVER club down!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Take +1 EXTRA CLUB (play the BACK half of the 37-yd green) and aim at the LEFT EDGE of the green!

↗️ **Short & Right Miss Fix:** Every short-and-right miss plugs directly into the right greenside bunkers! By aiming at the left edge with +1 extra club, a straight shot kicks off the left hill onto the green, and a fade lands dead center!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Take your full flat club and fire right at the flagstick.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER club down for the false downhill look, and NEVER miss short or right!

Why: Official course notes explicitly state: 'A left miss may kick down the hill towards the green, while a short or right miss finds the bunkers.'

SHOT 2 Deep-Green Lag Putt

🎯 Cup Center (Putting Surface · Depth 37y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Give long lag putts an extra 10% pace—this green is 37 yards deep.

Putting Read: Tree shadows shading the 9th green make the turf look faster than it actually rolls.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Confident birdie stroke to close out the front nine!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Avoid leaving 40-foot putts 8 feet short in the shadows.

Why: Virginia Golf Guy notes the surrounding tree shadows make depth perception and lag putting tricky on #9.

10

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

Hole 10: "The Slicer's Friend"

PAR 4 | HDCP 14 (M) / 10 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
367y	351y	351y	344y	251y	185y

KEY STRATEGY THEME: Dogleg Right · Built for Left-to-Right Hitters · Hidden Deep Green

⛳ GREEN READ: 36 yds deep & flat · Uphill hides the back half

NO-GO ZONES ON HOLE 10:

- ⛔ 200-Yd Fairway Runout Bunker (BUNKER)
- ⛔ Left Greenside Bunker (BUNKER)
- ⛔ Right Greenside Bunker (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

Good news for high-handicappers! While long straight hitters run through this dogleg right at 200 yards, the Spotswood Pro notes that players who move the ball left-to-right (fade/slice) have a massive advantage here! The uphill second shot plays to a green that is much deeper (36 yds) than it looks.

📋 **Spotswood CC PGA Pro Notes & Virginia Golf Guy:** *"Players who can move the ball left to right have an advantage here, as a straight ball flight down the middle will run out of fairway if carried over 200 yards... The approach is just enough uphill that I couldn't see the whole green from the fairway. Come to find out, the green is deeper than it looks."*

SHOT 1 — Left-to-Right Fade Tee Shot

🎯 Left-Center Corner (Let It Fade Right!) (~192y (Black/White) · ~161y (Gold))

CLUB: 3-Wood, Hybrid, or smooth 185-yd Driver aimed at the left-center corner

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the LEFT-CENTER fairway bunker line with a 3-Wood or Hybrid (or a 185-yd Driver fade) and let your natural slice curve around the dogleg right!

↗️ **Short & Right Miss Fix:** Your natural left-to-right shot shape is a superpower on #10! Start the ball at the left-center corner (180–195 yds)—if it goes straight, you stop short of the 200-yard runout; if it fades right, it follows the dogleg perfectly!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Corner ball is safe! Tee up Driver, aim at the left corner bunker, and hit a high power-fade around the bend.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

DO NOT aim right at the inside dogleg trees—start it left-center and let your fade do the work.

Why: Official course notes specifically highlight that left-to-right ball strikers have the ideal angle on #10.

SHOT 2 — +1.5 Club Deep-Green Approach

🎯 Back-Left / Center of 36-Yd Green (Plays ~157 yds)

CLUB: 6-Iron or 7-Iron (+1 full club for uphill rise and hidden 36-yd depth)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Take +1 FULL EXTRA CLUB (play the BACK-CENTER yardage) and aim at the LEFT-CENTER of the green!

↗️ **Short & Right Miss Fix:** As Virginia Golf Guy noted, the uphill slope hides how deep this 36-yard green is, and a bunker guards the right edge. Taking +1 extra club aimed left-center prevents coming up 15 yards short or fading into the right sand!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the surface! Take +1 club and fire straight at the flag—this flat green holds shots well.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID under-clubbing or aiming right where the right greenside bunker catches every fade.

Why: Because you can't see the back half of the green from the fairway, short-and-right hitters leave approaches 15 yards short.

SHOT 3 — Aggressive Birdie Putt

🎯 Hole Center (Putting Surface · Depth 36y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Roll your putt confidently—this is one of the flattest greens at Spotswood.

Putting Read: Don't give away the hole by over-reading break; hit it firmly inside the cup.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Center-cut birdie stroke!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Don't leave birdie putts short in the jaws.

Why: Spotswood's hole guide notes that approaches on #10 are frequently rewarded with birdies.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

11 Hole 11: "Rolling Camber & Front-Left Trap" PAR 4

HDCP 8 (M) / 14 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
389y	374y	311y	311y	308y	222y

KEY STRATEGY THEME: Right-to-Left Rolling Fairway · Penal Short-Left Bunker · Back-to-Front Green

⛳ GREEN READ: Steep back-to-front slope · Open front-right entrance

NO-GO ZONES ON HOLE 11:

- ⛔ Left Fairway Bunker (BUNKER)
- ⛔ Penal Short-Left Bunker (BUNKER)
- ⛔ Above-the-Hole Danger Zone (SLOPE)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

A rolling Par 4 where the fairway tilts right-to-left (helping keep a high-handicapper's right fade in the short grass!) and rolls in up-and-down moguls. The green features a penal short-left bunker and a steep back-to-front slope.

📋 **Virginia Golf Guy & Spotswood CC Pro Notes:** *"The fairway slopes to the left and rolls up and down towards the green. That means a tee shot landing into an upslope can leave a lot longer shot than one landing on the downslope. The bunker short and left of the green can make for a difficult par save, and the majority of the green slopes back to front."*

SHOT 1 Center-Aimed Tee Shot

🎯 Center / Right-Center Fairway (~220y (Black/White) · ~197y (Gold))

CLUB: Driver or 3-Wood aimed straight down the center

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim down the CENTER of the fairway—if you fade it right, the right-to-left fairway slope will kick your ball back to the middle!

↗️ **Short & Right Miss Fix:** The right-to-left fairway tilt acts as a safety net for a slice while keeping you safely right of the left fairway bunker.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Fairway finder is in! Hit a full Driver down the right-center to catch a forward downslope mogul.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID pulling left into the left fairway bunker.

Why: Letting your natural fade land on the right-center bank uses the course's slope to center your ball.

SHOT 2 Hook-Lie Center-Green Approach

🎯 Center / Front-Right of Green (Plays ~165 yds)

CLUB: 7-Iron or 8-Iron (play full Center yardage, especially if standing on an upslope mogul)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Take +1/2 EXTRA CLUB (play exact CENTER yardage, choked down 1/2 inch) and aim at the CENTER of the green.

↗️ **Short & Right Miss Fix:** For once, missing slightly short-right is the SAFE miss! The deadly bunker is short-LEFT, while the front-right apron is open and leaves an uphill chip/putt.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Ball safely below the hole! Fire at the pin, keeping your distance control strictly below the cup.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER pull your shot into the short-left bunker OR fly past the back edge above the hole.

Why: If your drive stopped on one of #11's upslope moguls, your iron will fly higher and shorter—play the full Center number.

SHOT 3 Uphill Putt

🎯 Cup Center (Putting Surface · Depth 32y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Roll your uphill putt firmly from below the hole.

Putting Read: Uphill putts on #11 are slow—hit it firmly so it reaches the back half of the cup.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Aggressive uphill stroke into the center of the cup!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

If above a front pin, barely touch it—downhill putts can roll off the front fringe.

Why: Staying below the hole turns #11's steep green into an easy uphill birdie look.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

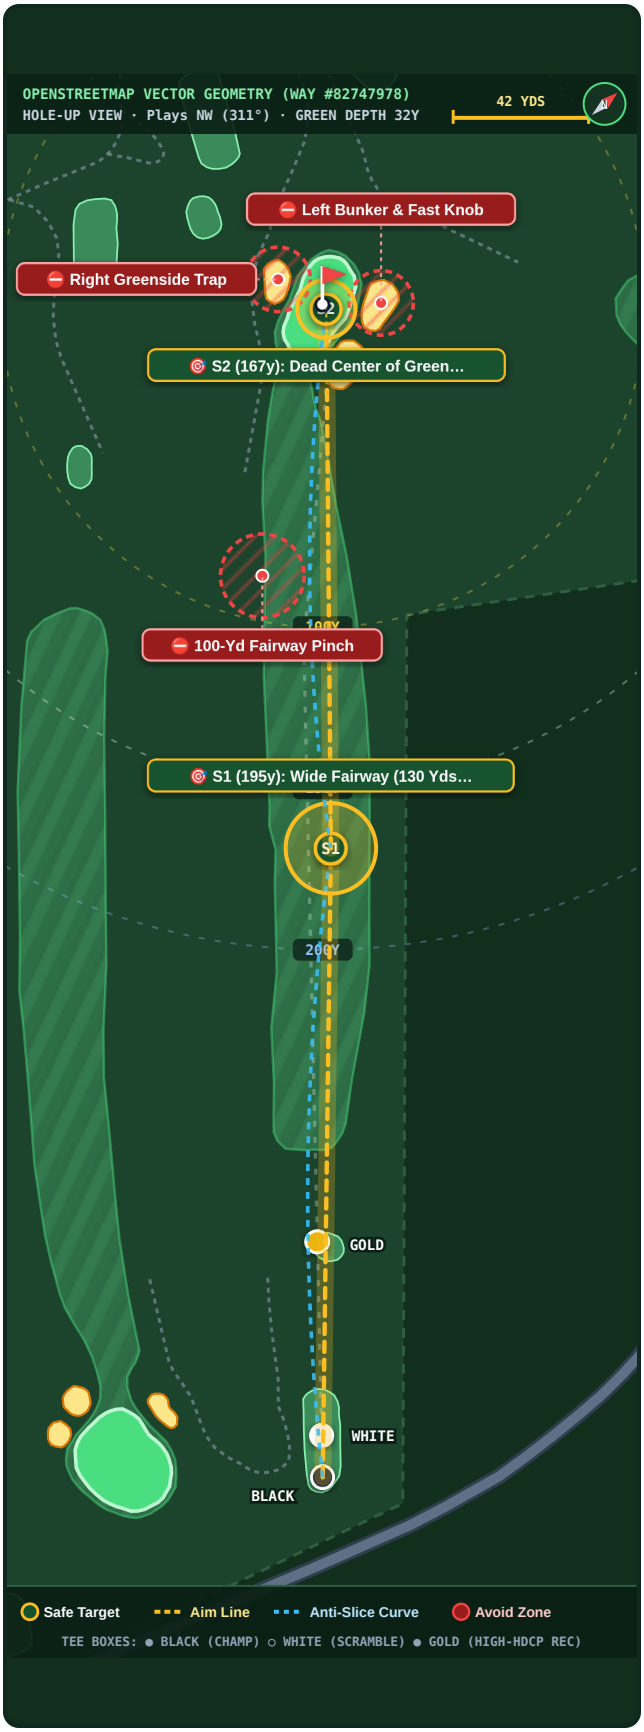

12 Hole 12: "The 150-Post Pinch"

PAR 4 | HDCP 18 (M) / 12 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
365y	352y	352y	344y	292y	224y

KEY STRATEGY THEME: #18 Handicap (Easiest Hole) · Fairway Pinches at 100 Yds · Fast Left Knob

⛳ GREEN READ: Knob on left kicks balls fast right · Right greenside trap

NO-GO ZONES ON HOLE 12:

⛔ 100-Yd Fairway Pinch (TREES) | ⛔ Left Bunker & Fast Knob (BUNKER) | ⛔ Right Greenside Trap (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

Rated the easiest hole at Spotswood (#18 Handicap). It plays downhill with a fairway that tilts right-to-left (perfect for catching a high-handicapper's fade!) before pinching narrowly at the 100-yard marker. Watch out for the right greenside bunker on your approach.

📋 **Virginia Golf Guy & Spotswood CC Pro Notes:** *"Club selection off the tee is important on this short, downhill par 4. The area where most players will land their tee shot slopes from right to left, helping keep the ball in the fairway... The fairway pinches at the 100 yard marker so I wouldn't try to get closer than that. The green slopes to the right off the left greenside bunker because of a knob."*

SHOT 1 — 185-Yd Right-to-Left Funnel Tee

🎯 Wide Fairway (130 Yds to Pin) (~195y (Black/White) · ~187y (Gold))

CLUB: Hybrid, 5-Wood, or 5-Iron (stop 115–135 yds short of the green)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Leave Driver in the bag! Hit a 180–195 yd Hybrid or 5-Wood aimed at the CENTER—if it fades right, the right-to-left slope funnels it right back to the middle!

↗️ **Short & Right Miss Fix:** A 180-yard shot with a slight right fade is the exact ideal shot on #12! It lands in the widest part of the fairway (short of the 100-yd pinch) where the right-to-left bank kicks it center.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe layup at 130 yds! Now your longest hitter can take 3-Wood/Driver aimed at the right-center bank.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

DO NOT hit Driver into the narrow bottleneck inside the 100-yard marker.

Why: Both the Spotswood Pro and Virginia Golf Guy advise laying back outside 100 yards where the right-to-left slope keeps balls in the fairway.

SHOT 2 — Center-Green Scoring Iron

🎯 Dead Center of Green (Clear Right Trap) (Plays ~167 yds)

CLUB: Full Center-Yardage 8-Iron or 9-Iron (do NOT club down!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play your full flat CENTER yardage and aim at the DEAD CENTER of the green!

↗️ **Short & Right Miss Fix:** Even though the shot is slightly downhill, high-handicappers who club down fade it short-right into the right greenside bunker! Playing your normal Center club aimed dead center carries the right trap while avoiding the fast knob on the left.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the dance floor! Throw a dart right at the pin for a scramble birdie.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID missing short-right in the right bunker OR missing left by the knob (leaves a lightning-fast downhill chip).

Why: A prominent knob by the left bunker kicks balls fast to the right, while a bunker guards the short-right edge.

SHOT 3 — Scramble Birdie Putt

🎯 Birdie Cup (Putting Surface · Depth 32y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Capitalize on the #18 handicap hole—allow for left-to-right break away from the left knob.

Putting Read: Putts from the left half break faster left-to-right than they look.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Center-cut birdie!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Don't miss on the low (right) side of the cup.

Why: Every scramble team counts on a birdie or stress-free par on #12.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

13 Hole 13: "Mountain Frame Dogleg"

PAR 4 | HDCP 2 (M) / 18 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
405y	394y	260y	260y	257y	172y

KEY STRATEGY THEME: #2 Handicap · Dogleg Right · Hidden Right Greenside Trap!

⛳ GREEN READ: Gentle back-to-front tilt · Hidden bunker on right!

NO-GO ZONES ON HOLE 13:

- ⛔ 240-Yd Runout Bunker (BUNKER)
- ⛔ Inside Corner Bunker (BUNKER)
- ⛔ Hidden Right Greenside Trap (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

The hardest hole on the back nine (#2 Handicap) framed by the Shenandoah Mountains. The dogleg turns right while the ground kicks slightly left—meaning a high-handicapper's 190-yard left-to-right fade aimed center-left lands squarely in the middle of the corner! Watch out on Shot 2: the right side of the green looks open, but hides a sneaky bunker!

📋 **Virginia Golf Guy & Spotswood CC Pro Notes:** *"Favoring the right side of the fairway off the tee is the best play because the hole moves right and ball could kick left. It looks like the best place to miss the green is over to the right, but there is a greenside bunker over there!"*

SHOT 1 Fade-to-Corner Tee Shot

🎯 Dogleg Corner (Aim Center-Left for Fade) (~209y (Black/White) · ~164y (Gold))

CLUB: High-Handicap Driver (if carry < 210 yds) or 3-Wood aimed left-center

🛡️ CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM

Hit a 190–210 yd Driver or 3-Wood aimed at the LEFT-CENTER of the fairway so your fade finishes in the right-center corner!

↗️ **Short & Right Miss Fix:** Don't aim at the right trees! Start your ball at the left-center fairway—if you hit it 195 yards with a fade, you won't reach the 240-yard runout bunker on the left AND you'll clear the inside-right corner bunker!

🟢 CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)

Corner ball is safe! Now your longest hitter can shape a 3-Wood around the right-center corner.

⛔ DIRECTIONS & HAZARDS TO AVOID

AVOID starting your ball down the right edge—a slice from the right line catches the inside-right corner bunker at 195 yards.

Why: Starting left-center gives a short-and-right hitter the widest landing zone while using the dogleg right geometry.

SHOT 2 Anti-Deception Left-Center Approach

🎯 Left-Center of Green (Avoid Hidden Right Trap!) (Plays ~189 yds)

CLUB: Full Flat-Yardage 6-Iron or 7-Iron (ignore the slight downhill—carry the hidden right trap!)

🛡️ CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM

Aim at the LEFT-CENTER of the green and play your full flat Center yardage!

↗️ **Short & Right Miss Fix:** CRITICAL REVIEWER WARNING—from the fairway, the right side of #13 green looks wide open like a safe bailout, but a hidden bunker sits right there! Aim left-center so your fade lands on the putting surface instead of the hidden right sand.

🟢 CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)

Green is secured! Fire at the flag, keeping your aim slightly left of the pin.

⛔ DIRECTIONS & HAZARDS TO AVOID

DO NOT bail out or fade short-right—a hidden greenside bunker catches every right miss!

Why: Virginia Golf Guy specifically warns that the right side looks like the best place to miss from the fairway, but hides a greenside bunker.

SHOT 3 Gentle Uphill Putt

🎯 Cup Center (Putting Surface · Depth 29y)

CLUB: Putter

🛡️ CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM

Two-putt up the gentle back-to-front slope for a huge par on the #2 handicap hole.

Putting Read: Give uphill putts an extra foot of speed.

🟢 CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)

Smooth birdie roll!

⛔ DIRECTIONS & HAZARDS TO AVOID

Don't leave your lag putt short in the heart.

Why: This green has a very gentle, fair back-to-front incline.

14 Hole 14: "The Maple Tree Slant"

PAR 4 | HDCP 16 (M) / 2 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
349y	340y	340y	334y	215y	168y

KEY STRATEGY THEME: Severe Right-to-Left Fairway Slope · Blocking Maple Trees · Tricky Green

⛳ GREEN READ: Subtle tricky undulations · 3 greenside bunkers

NO-GO ZONES ON HOLE 14:

- ⛔ Blocking Maple Trees (TREES)
- ⛔ Severe Left Kick Slope (SLOPE)
- ⛔ Front-Left Greenside Trap (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

A short Par 4 where the entire fairway tilts severely from right to left, and tall maple trees beyond the landing zone block approaches hit too far right. For a short-and-right hitter, a 180-yard tee shot aimed center-right hits the bank, kicks left into the middle, and stops safely short of the maples!

📋 **Virginia Golf Guy & Spotswood CC Pro Notes:** *"Favor the right side of the fairway on the short par 4 14th, as the entire hole slopes from right to left. Several maple trees just beyond the landing area may block the player's line... Anyone playing from the fairway is going to face a severe right to left lie. That makes it tough to catch even a short iron solid."*

SHOT 1 — 185-Yd Bank-Kick Tee Shot

🎯 Center-Right Fairway (Short of Maples) (~190y (Black/White) · ~138y (Gold))

CLUB: Hybrid or 5-Wood (180–195 yds) — stop 125–135 yds short of the green

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Hit a 180–195 yd Hybrid or 5-Wood aimed at the CENTER-RIGHT fairway—your fade will hit the steep bank, kick left to the middle, and stop short of the maple trees!

↗️ **Short & Right Miss Fix:** Don't hit Driver too close to the maple trees on the right, and don't worry about a right fade—the steepest right-to-left fairway slope on the course kicks right fades straight into the center!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball with a clear angle! A second player can hit Driver aimed at the right-center bank to kick down inside 80 yards.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID hitting Driver right behind the blocking maple trees.

Why: Stopping 130 yards out gives you plenty of loft to clear the maple trees while keeping your ball in the widest part of the fairway.

SHOT 2 — Severe Sidehill +1 Club Approach

🎯 Back-Right / Center of Green (Plays ~155 yds)

CLUB: 7-Iron or 8-Iron (+1 extra club, choked down 1.5 inches with a smooth 3/4 swing)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Ball is way above your feet! Choke down 1.5 inches, take +1 EXTRA CLUB, and aim at the RIGHT-CENTER of the green.

↗️ **Short & Right Miss Fix:** Virginia Golf Guy warns it is 'tough to catch even a short iron solid' from this severe sidehill lie, causing chunked short shots or left hooks. Choking down 1.5 inches with +1 extra club guarantees solid contact and full carry to the green!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Green hit! Aim 6 yards right of the pin and let the sidehill draw curve it right onto the flagstick.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER take your normal grip (you'll chunk the hill behind the ball) or aim at the front-left bunker.

Why: Choking down 1.5 inches prevents digging the club into the steep sidehill slope, and +1 club makes up for the shorter lever.

SHOT 3 — Defensive Pace Putt

🎯 3-Foot Circle (Putting Surface · Depth 25y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Focus 100% on lag speed—this green has the trickiest subtle crowns on the course.

Putting Read: Don't try to ram putts through the break; let the ball die into the cup.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Go to school on your teammates' putts to see the late break at the cup!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Avoid charging first putts past subtle double-breakers.

Why: Spotswood's pro notes that the subtle undulations on #14 stump even the best putters.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

Hole 15: "Water Right, OB Right"

PAR 5 | HDCP 4 (M) / 8 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
553y	526y	526y	404y	400y	304y

KEY STRATEGY THEME: Longest Hole (553 Yds) · RED ALERT for Slicers: Pond Right & OB Right!

⛳ GREEN READ: Elevated green · OB tight right · 3 bunkers

NO-GO ZONES ON HOLE 15:

- ⛔ Water Hazard Pond Right (WATER)
- ⛔ OUT OF BOUNDS Right of Green (OB)
- ⛔ Right Greenside Bunker (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

DANGER HOLE FOR HIGH-HANDICAPPERS! Every single penalty on this 553-yard Par 5 sits in the exact path of a short-and-right miss: the fairway slopes right toward a water pond on Shot 2, and Out of Bounds stakes hug the right side of the elevated green on Shot 3. Aim down the FAR-LEFT edge on every swing!

📋 **Virginia Golf Guy & Spotswood CC Pro Notes:** *"The drive should favor the left side of the fairway in order to take the water out of play... I would suggest trying to layup to the far left side of the fairway in hopes of a flatter lie. If a layup down the right gets a big bounce it could find a water hazard. A right miss will often find itself out of bounds to the right of the green complex."*

SHOT 1 — Far-Left Anti-Slice Tee Shot

🎯 Far-Left Fairway Edge (~255y (Black/White) · ~208y (Gold))

CLUB: High-Lofted Driver or 3-Wood aimed at the far-left edge

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the FAR-LEFT edge of the fairway so your left-to-right slice finishes safely in the center-left!

↗️ **Short & Right Miss Fix:** If you aim down the middle, your fade lands on the right side where the fairway tilts right toward the pond! Aiming at the left rough line gives your slice 35 yards of room.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Left-fairway ball is safe! Tee it high and rip Driver down the left-center line.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER aim center or right—the right half leaves a ball-below-feet slice lie aimed straight at the water hazard!

Why: Both the club pro and reviewers stress hugging the left side to get a flatter lie and take the right pond out of play.

SHOT 2 — Far-Left 7-Iron Layup (Avoid Water!)

🎯 Far-Left Fairway (110 Yds Out) (Plays ~164 yds)

CLUB: 7-Iron or 8-Iron aimed at the left tree line — DO NOT hit a 3-wood!

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Put away your fairway woods! Hit a 7-Iron or 8-Iron aimed at the FAR-LEFT edge of the fairway to lay up 105–115 yards out.

↗️ **Short & Right Miss Fix:** As Virginia Golf Guy warns, 'it is tough to hit a long club solidly from the sloping fairway, and a bounce down the right finds the water hazard.' A lofted 7-iron aimed far-left won't slice into the right pond or right OB!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

110-yd left layup is safe! A second player can advance a hybrid up the left-center, staying strictly left of the pond and right OB.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

CRITICAL: NEVER hit a fairway wood on Shot 2—a sliced wood goes straight into the right pond or right OB stakes!

Why: A 150-yard 7-iron up the far-left edge eliminates both the water hazard on the right and the Out of Bounds near the green.

SHOT 3 — +1 Club Left-Half Green Approach

🎯 Left Half of Elevated Green (Plays ~105 yds)

CLUB: 8-Iron or 9-Iron (+1 full club for uphill elevation — play the BACK-LEFT number)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Take +1 FULL EXTRA CLUB for the elevated green and aim at the LEFT HALF of the putting surface!

↗️ **Short & Right Miss Fix:** Out of Bounds stakes and a bunker sit immediately right of this elevated green! Aiming at the left half with +1 extra club ensures that even if you fade it 10 yards right, you finish in the middle of the green instead of OB!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the left half! Attack the pin, keeping your aim line on the left edge of the flag.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER aim at the center or right of this green—any right fade kicks into the right bunker or Out of Bounds!

Why: Spotswood's hole guide explicitly warns that 'a right miss will often find itself out of bounds to the right of the green complex.'

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

16 Hole 16: "Valley's Toughest Par 3"

PAR 3 | HDCP 6 (M) / 6 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
227y	210y	162y	162y	129y	95y

KEY STRATEGY THEME: 227 Yds Uphill · Narrow Elevated Green · Bail Out Short-Left!

⛳ GREEN READ: Elevated narrow crown · Open bailout short-left · Dead right!

NO-GO ZONES ON HOLE 16:

- ⛔ Steep Right Drop-Off & Traps (BUNKER)
- ⛔ Left Side Drop-Off Bunker (BUNKER)
- ⛔ Dead Right Slope (SLOPE)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

Famous as the longest and hardest Par 3 in the Shenandoah Valley. It plays uphill to a narrow elevated crown with steep drop-offs left and right. Virginia Golf Guy's #1 insider tip for high-handicappers: there is wide-open grass short and LEFT of the green, while missing right is dead!

📋 **Virginia Golf Guy & Spotswood CC Pro Notes:** *"It plays uphill to a small, narrow green. Normally I like a long par 3 to have a large green, but there is room short and left of the green to allow someone to chip one close and still make a par. Anything missing right of the green is going to leave a tough chip."*

SHOT 1 Front-Left Bailout Corridor

🎯 Front-Left Grass Bailout Apron (~205y (Black/White) · ~129y (Gold))

CLUB: 3-Wood, 5-Wood, or Hybrid aimed at the front-left grass opening

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Do NOT aim at the green! Aim 15 yards LEFT of the green at the wide front-left grass bailout area!

↗️ **Short & Right Miss Fix:** Trying to muscle a long club into a 200+ yard uphill green causes high-handicappers to wipe a big slice down the steep right drop-off and bunkers. Aiming 15 yards left at the front-left grass apron means a straight shot lands on flat grass and a slight fade hops right onto the front edge!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Bailout ball is safe! Now take +1.5 extra clubs for the uphill climb and aim at the left edge of the green so your fade lands center.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER miss right of this green—steep drop-offs and deep right bunkers turn a right fade into an automatic 5 or 6.

Why: Reviewers highlight the front-left grass area as the smart par-saving bailout designed into the hole.

SHOT 2 Uphill Apron Chip & Putt

🎯 Center of Green (Plays ~20 yds)

CLUB: 8-Iron or Pitching Wedge Bump-and-Run (or Putter from close apron)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Use an 8-iron or pitching wedge bump-and-run straight up the front-left grass ramp onto the green.

↗️ **Short & Right Miss Fix:** Chipping up the grass throat is flat and uphill—no bunker carry required.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Roll the putt in to steal a par or birdie on the Valley's hardest Par 3!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Do not try a high lob wedge onto the narrow crowned surface.

Why: Playing #16 as a stress-free chip-and-putt from the front-left apron beats 85% of scramble teams.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

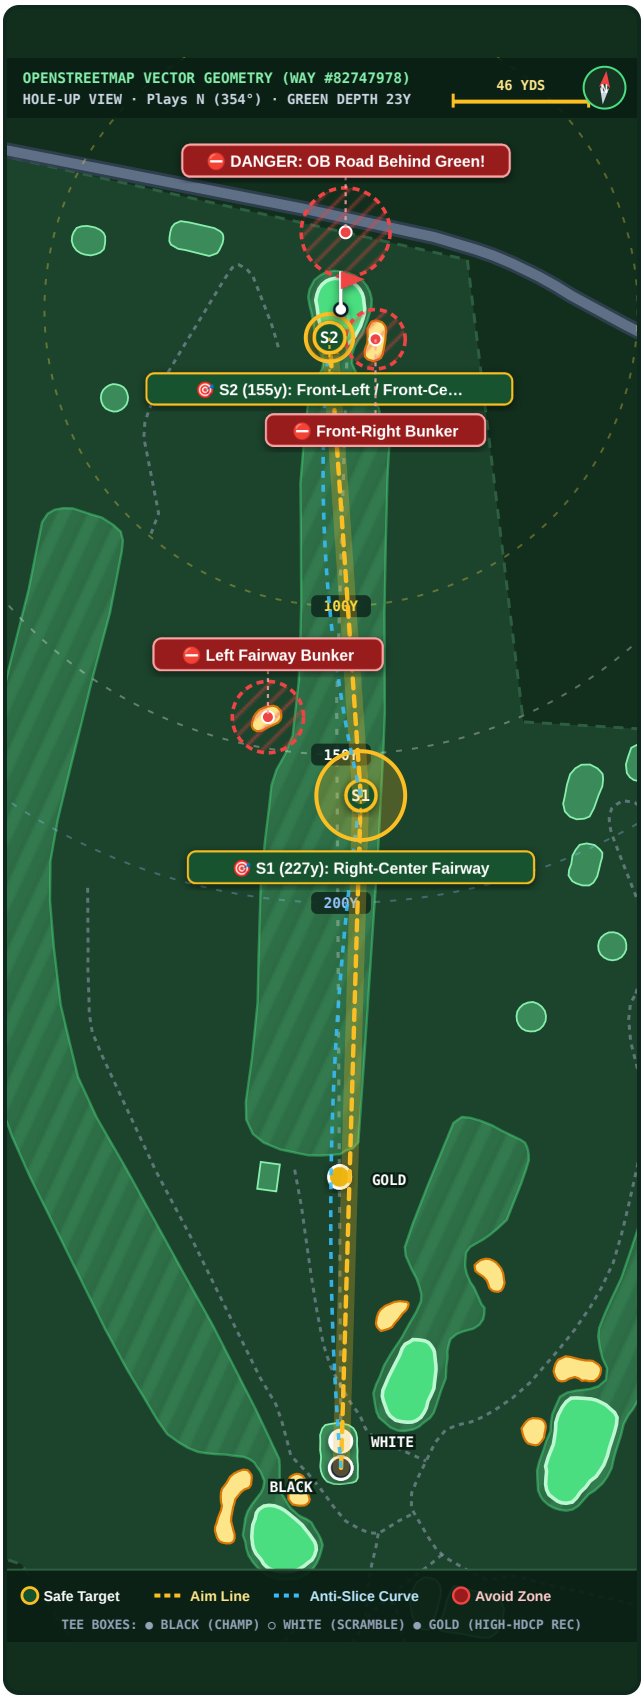

17 Hole 17: "Road Over the Green"

PAR 4 | HDCP 12 (M) / 16 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
390y	381y	292y	292y	292y	199y

KEY STRATEGY THEME: Cross-Ridge Fairway · DANGER: OB Road Immediately Behind Green!

⛳ GREEN READ: OB Road 8 yds behind green · Front-right bunker

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

A strategic Par 4 with a fairway bunker on the left and a ridge cutting across the landing zone. The #1 rule at Spotswood comes on Shot 2: Country Club Road (Out of Bounds) sits immediately behind the green, while a bunker guards the front-right corner!

📋 **Virginia Golf Guy & Spotswood CC Pro Notes:** *"Favor the right side to avoid the left fairway bunker off the tee. There is a ridge that cuts across the fairway... I didn't feel like I could challenge the back flag because of the out of bounds just over the green. Anything landing over the green most likely is going to kick out of bounds. I'd try to play to the front or center part of the green every time."*

SHOT 1 Center-Aimed Fade Tee Shot

🎯 Right-Center Fairway (~227y (Black/White) · ~187y (Gold))

CLUB: Driver or 3-Wood aimed straight down the center

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim down the CENTER of the fairway so your natural left-to-right fade lands in the wide open right-center half!

↗️ **Short & Right Miss Fix:** The fairway bunker on #17 is on the LEFT side, while the right half is wide open. Aiming center lets your natural fade avoid the left bunker without slicing into the right rough.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Right-center ball is safe! Hit Driver over the cross-ridge for a short iron in.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID the left fairway bunker sitting at the cross-ridge.

Why: A tee shot finishing in the right-center half has the clearest view over the fairway ridge.

SHOT 2 Front-Left Apron / Front-Center Approach

🎯 Front-Left / Front-Center Edge of Green (Plays ~155 yds)

CLUB: Play the FRONT green yardage club (never pick a club that can reach the back edge!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play the exact FRONT-EDGE yardage and aim at the FRONT-LEFT of the green!

↗️ **Short & Right Miss Fix:** This is the ONE hole where you do NOT add extra club (Country Club Road OB is 8 yards behind the green!), yet a bunker guards the front-right corner. Aiming at the open FRONT-LEFT edge with your Front-yardage club avoids the front-right bunker AND guarantees you never bounce over the road OB!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Even with a safe ball on the green, NEVER fire at a back pin here—aim front-center and putt up!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

CRITICAL DANGER: NEVER go long (bounces over Country Club Road OB!) and avoid fading into the front-right bunker.

Why: Both the club pro and Virginia Golf Guy warn that anything carrying the green kicks over the road Out of Bounds.

SHOT 3 Uphill Two-Putt from Front

🎯 Cup Center (Putting Surface · Depth 23y)

CLUB: Putter

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Two-putt safely from the front half of the green.

Putting Read: Putting up from the front apron or front half eliminates any risk of the back OB road.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Roll the birdie putt in from the safe front half!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Do not charge putts past back pin locations.

Why: Playing from the front half guarantees your team finishes #17 penalty-free.

NO-GO ZONES ON HOLE 17:

- ⛔ Left Fairway Bunker (BUNKER)
- ⛔ DANGER: OB Road Behind Green! (OB)
- ⛔ Front-Right Bunker (BUNKER)

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

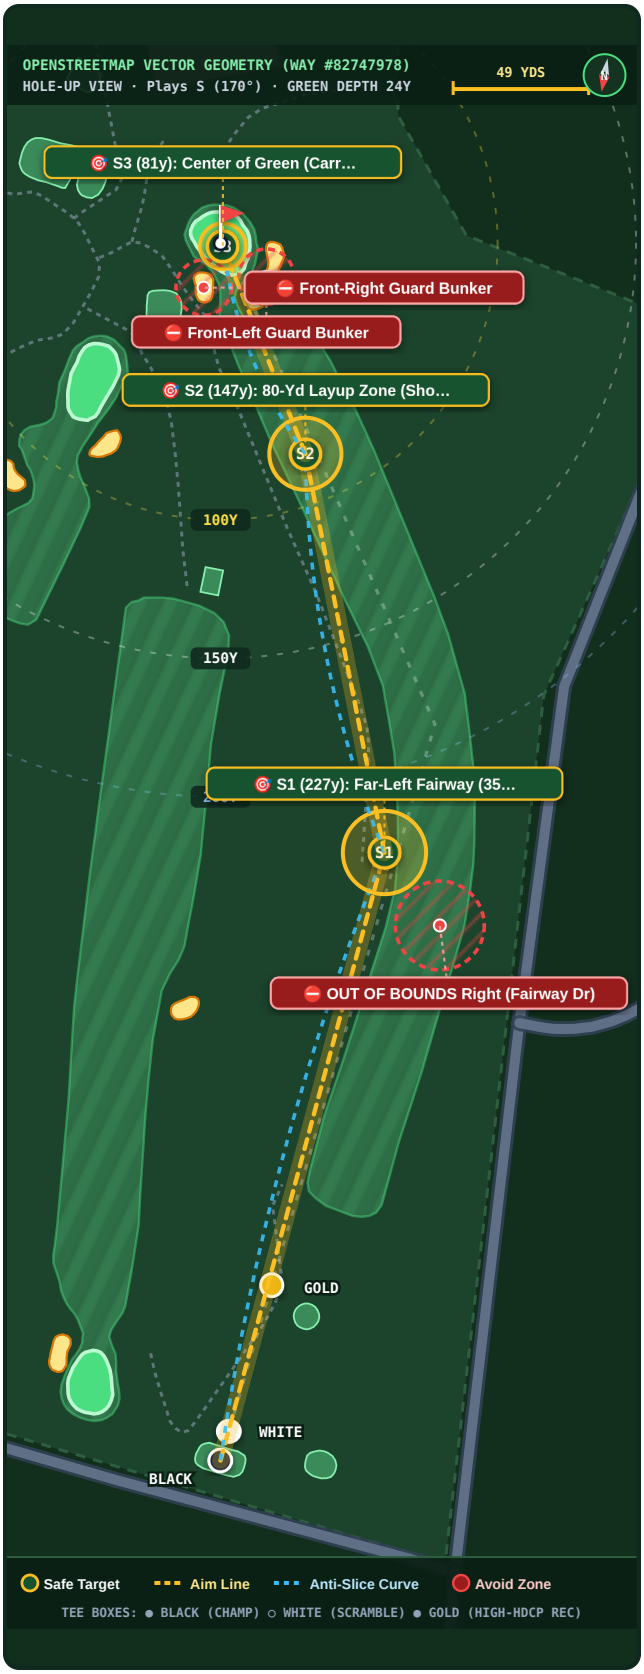

18 Hole 18: "The Finale Birdie Opportunity"

PAR 5 | HDCP 10 (M) / 4 (W)

BLACK	WHITE	W/G	GREEN	★ GOLD	ORANGE
470y	459y	459y	407y	404y	268y

KEY STRATEGY THEME: Short Dogleg-Left Par 5 · OB All Down Right Side · Twin Front Bunkers

⛳ GREEN READ: Uphill approach · 2 front guard bunkers · Steep back-to-front green

NO-GO ZONES ON HOLE 18:

- ⛔ OUT OF BOUNDS Right (Fairway Dr) (OB)
- ⛔ Front-Left Guard Bunker (BUNKER)
- ⛔ Front-Right Guard Bunker (BUNKER)

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN

The closing hole is the shortest Par 5 on the card, doglegging left toward the clubhouse. HIGH-HANDICAP WARNING: Out of Bounds (Fairway Drive) lines the ENTIRE right side of the hole—right in the path of a slice! Aim down the far-left edge on Shots 1 and 2, and take +1 extra club on Shot 3 to carry the twin front bunkers.

📋 **Virginia Golf Guy & Spotswood CC Pro Notes:** *"The finishing hole is the shortest par 5 on the course and since it moves left, it plays even shorter. Favor the left side of the fairway to avoid the out of bounds area on the right. Most players will opt to lay up short of the greenside bunkers for a short pitch up to the green... The second or third shot is uphill to a green with two bunkers short of it."*

SHOT 1 Far-Left Anti-OB Tee Shot

🎯 Far-Left Fairway (35 Yds Left of OB) (~227y (Black/White) · ~210y (Gold))

CLUB: 3-Wood or High-Lofted Driver aimed at the far-left fairway edge

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the FAR-LEFT edge of the fairway with a 3-Wood or high-lofted Driver so your fade finishes in the center-left!

↗️ **Short & Right Miss Fix:** Fairway Drive (Out of Bounds) runs down the entire right side of #18! Aiming down the middle means a slice goes OB. Aiming at the far-left edge gives your fade 35 yards of safety and shortens the dogleg left!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Fairway ball is safe! Aim down the left-center corner with Driver to set up a run at the green.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER aim center or right—a slice goes straight over the fence onto Fairway Drive (Out of Bounds)!

Why: Hugging the left side keeps your slice 100% safe from the right OB fence and shaves 25 yards off the hole.

SHOT 2 Left-Center Layup Short of Twin Bunkers

🎯 80-Yd Layup Zone (Short of Front Bunkers) (Plays ~147 yds)

CLUB: 7-Iron or 8-Iron aimed left-center — DO NOT hit a 3-wood toward the right OB!

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Lay up with a 7-Iron or 8-Iron aimed LEFT-CENTER to stop 80 yards short of the twin front greenside bunkers.

↗️ **Short & Right Miss Fix:** Trying to force a 3-wood into this uphill green brings both the right-side OB AND the twin front bunkers into play. A simple 7-iron layup down the left-center leaves a flat, stress-free wedge.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

80-yard layup is locked in! Now your big hitter can aim a hybrid at the left greenside bunker and let it fade onto the green.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID slicing a long wood Out of Bounds right or into the two front guard bunkers.

Why: Official course notes state most smart players lay up short of the twin front bunkers for a short pitch up the hill.

SHOT 3 +1 Club Uphill Wedge Over Front Traps

🎯 Center of Green (Carry Twin Bunkers!) (Plays ~81 yds)

CLUB: 9-Iron or 8-Iron (+1 club over your normal 80-yd wedge to carry the uphill front traps)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Take +1 EXTRA CLUB to carry the uphill rise and twin front bunkers, aiming at the LEFT-CENTER of the green!

↗️ **Short & Right Miss Fix:** Two bunkers guard the entire front entrance to this uphill green—a short-and-right wedge plugs straight into the front-right bunker! Taking +1 extra club aimed left-center carries both traps and stops below the steep back tier.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Attack the pin to close out the tournament with a birdie!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER under-club into the twin front bunkers OR fly past the back edge (steep back-to-front slope!).

Why: Carrying the twin front bunkers onto the center of the green sets up an uphill birdie putt to finish the round.
