SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

Field Guide: Raw vs. Plays-Like Yardages & Novice Wind Playbook

WHITE TEES · 6,161 YDS

PURE YARDAGE EDITION: Zero Club Recommendations — Only Raw Distance, Plays-Like Distance & Easy Wind Adjustments

Fred Findlay (1926) & Edmund Ault (1960)

📏 RAW YARDAGE vs. ⛰️ "PLAYS-LIKE" YARDAGE (HOW TO USE THIS GUIDE)

Every hole in this guide assumes the **White Tees (6,161 yds)** and gives two numbers for every shot instead of telling you which club to pull—because only you know how far your own swing carries!

📏 RAW YARDAGE (GPS / Flat Distance)
The straight-line horizontal map distance from the White Tee or landing zone to the target (or Front / Center / Back of the green).

⛰️ PLAYS-LIKE YARDAGE (Your True Target Number)
The adjusted carry distance your shot actually requires after factoring in Spotswood's uphill/downhill slopes, sidehill lies, and front-bunker carry buffers. **Always choose your shot for the Plays-Like number, then adjust for wind below!**

🧭 4 CREATIVE, ZERO-TECH WAYS FOR NOVICES TO ESTIMATE WIND DIRECTION

1. 🌱 The "Two-Story" Grass vs. Treetop Check
Toss a pinch of grass at chest height to see the ground breeze—**then look at the top branches of the tall pines behind the green**. Tee boxes are sheltered by trees, while your ball flies 70 feet up where the real wind blows!

2. 🧢 The "Cap Bill & Ears" Body Compass
Stand behind your ball facing the target: **Breeze pushing your cap bill back** = Headwind. **Shirt pushed against your back** = Tailwind. **Wind whistling in your LEFT ear** = Left-to-Right Crosswind (*Slicer Alert: pushes slices twice as far right!*).

3. ⛳ The "Flagstick Silhouette" Trick
Look at the pin flag from the fairway: if the flag looks **wide like a highway arrow**, the wind is blowing straight across (crosswind). If the flag looks **skinny/narrow** while flapping, the wind is blowing straight at you or away from you!

4. 💧 Pond Ripples & Cart-Roof Feel
On water holes (like #15), tiny ripples on the pond always march in the exact direction the wind is blowing. Also notice the breeze when you step out of the golf cart—don't mistake cart speed for wind!

💨 NOVICE VISUAL GUIDE TO WIND SPEED & TYPICAL YARDAGE INCREASES (NO MATH REQUIRED!)

Wind Level & Nickname	Easy On-Course Visual & Feel Clues	🔴 Into the Wind (Headwind) ADD to Plays-Like Yardage	🟢 Helping Wind (Tailwind) SUBTRACT from Plays-Like	↔️ Crosswind Aim Offset Extra Aim Adjustment
Level 1: "The Whisper" Calm (0–5 mph)	Tossed grass drops straight down by your shoes; flag hangs limp against the pole; tree leaves are still.	**+0 yds** Play exact Plays-Like #	**-0 yds** Normal rollout	**0 yds**
Level 2: "The Leaf Rustler" Gentle Breeze (5–10 mph)	Light breeze on your face/ears; leaves rustle softly; flag flutters halfway out (~45° angle); tossed grass drifts 1–2 steps.	**Add +10 yds** e.g. 150y plays like **160y**	**Subtract -5 yds** e.g. 150y plays like **145y**	Aim **5–8 yds** into wind (+10y left if L-to-R!)
Level 3: "The Straight Flag" Stiff Breeze (10–15 mph)	Flagstick stands nearly straight out horizontally; small tree branches sway steadily; tossed grass shoots 3–4 paces away.	**Add +15 to +20 yds** e.g. 150y plays like **168y**	**Subtract -10 yds** +5–8y extra ground roll	Aim **10–15 yds** into wind (+18y left if L-to-R!)
Level 4: "The Hat-Grabber" Strong Wind (15–20+ mph)	Flag snaps and pops loudly; whole trees bend; your cap feels like it wants to blow off; pant legs flap in the wind.	**Add +25 to +35 yds** e.g. 150y plays like **180y**	**Subtract -12 to -15 yds** Ball flies lower & runs fast	Aim **15–25 yds** into wind (Stay far-left of trouble!)

⚡ **Rule #1 — Headwind Hurts 2x More Than Tailwind Helps:** A 12 mph headwind steals ~18 yards, while a 12 mph tailwind only gives back ~9 yards. Always err on the side of more yardage into the wind!

🧘 **Rule #2 — "When It's Breezy, Swing Easy":** Swinging harder into the wind creates extra backspin, making your ball balloon high, slice right, and drop 25 yards short. Add the extra yardage above and swing at a smooth 80% tempo!

↗️ **Rule #3 — The 45° Diagonal Wind:** If the wind hits your front-left cheek (diagonal headwind from the left), use **two-thirds of the Headwind yardage increase AND aim an extra 10–15 yards left** so it doesn'tride your slice into trouble.

📋 18-HOLE WHITE TEE RAW vs. PLAYS-LIKE SUMMARY (QUICK SCOREBOARD)

Hole	Par	White Raw	Plays Like	Shot 1 (Raw→Plays)	Shot 2 (Raw→Plays)
#1	P5	451y	480y (+29y)	185y → 200y	158y / 170y
#2	P3	155y	160y (+5y)	155y → 160y	Putt
#3	P4	311y	320y (+9y)	177y → 165y	122y / 142y
#4	P3	155y	155y (Even)	155y → 155y	Putt
#5	P5	460y	470y (+10y)	215y → 210y	139y / 145y
#6	P4	333y	345y (+12y)	187y → 195y	147y / 158y
#7	P4	407y	430y (+23y)	232y → 245y	159y / 172y
#8	P4	356y	358y (+2y)	209y → 200y	151y / 160y
#9	P3	146y	156y (+10y)	146y → 156y	Putt
#10	P4	351y	365y (+14y)	176y → 185y	157y / 170y
#11	P4	374y	380y (+6y)	205y → 205y	165y / 172y
#12	P4	352y	340y (-12y)	182y → 175y	167y / 167y
#13	P4	394y	400y (+6y)	198y → 200y	189y / 192y
#14	P4	340y	350y (+10y)	181y → 185y	155y / 167y
#15	P5	526y	540y (+14y)	228y → 225y	164y / 160y
#16	P3	210y	225y (+15y)	188y → 198y	20y / 24y
#17	P4	381y	375y (-6y)	218y → 220y	155y / 141y
#18	P5	459y	470y (+11y)	216y → 215y	147y / 150y

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

1 Hole 1: "Shenandoah Opener" PAR 5

WHITE RAW: 451Y · PLAYS LIKE: 480Y (+29y) HDCP 7

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
478y	451y	418y	418y	349y	265y

KEY STRATEGY THEME: Uphill Slight Dogleg Right · Zero Roll · Aim Left-Center for Slice

⛳ **GREEN READ: Slopes right-to-left · Misses right leave a slick sidehill chip**

NO-GO ZONES ON HOLE 1:

⛔ Right Dogleg Trees (TREES) ⛔ Front-Left Bunker (BUNKER) ⛔ Greenside Left Trap (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 451 YDS RAW / 480 YDS PLAYS LIKE)

An uphill Par 5 bordered by trees that gives almost zero roll off the tee. Because high-handicappers miss short and right, aiming down the middle pushes tee shots into the right dogleg trees. Aim up the left-center edge and add +10 to +15 yards to your raw distance on every uphill shot.

💡 **PRO TIP:** *"From the tee, it doesn't look like the slope in the fairway should affect play, but you get very little roll and weight transfer is tricky on the uphill grade. The second-shot layup is blind, so make sure to carry the top of the hill. The green slopes from right to left—do not miss it right."*

SHOT 1 Anti-Slice Uphill Tee Shot

🎯 Target: Left-Center Fairway (Slice Buffer)

📏 **RAW YARDAGE:** 185 yds to Target (451 yds to Pin from White Tee) ⛰️ **PLAYS LIKE:** Plays Like 200 yds (+15 yds uphill grade & zero fairway roll)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the LEFT-CENTER fairway edge for a 200-yard Plays-Like carry so your natural left-to-right fade lands dead center.

↗️ **Short & Right Miss Fix:** Starting at the left-center edge gives your fade/slice 25 yards of fairway room and keeps you out of the right dogleg trees. The uphill slope absorbs roll, so plan for an all-carry 200-yardPlays-Like shot.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Teammate safe in the fairway! Aim at the left fairway tree line and swing aggressively for a 220–240 yard carry that fades into the center upslope.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID aiming center or right—a slice into the right dogleg trees blocks out your second shot completely.

Why: The uphill grade absorbs nearly all rollout off the tee and exaggerates a weak right fade if you aim down the middle.

SHOT 2 Blind Crest Layup

🎯 Target: Left-Center Top of Crest (90 Yds Out)

📏 **RAW YARDAGE:** 158 yds to Crest Plateau (Leaves 95 yds Raw to Pin) ⛰️ **PLAYS LIKE:** Plays Like 170 yds (+12 yds uphill to clear the blind ridge crest)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim LEFT-CENTER over the blind hill crest and play for a 170-yard Plays-Like high-trajectory carry to reach the flat 95-yard plateau.

↗️ **Short & Right Miss Fix:** Uphill lies cause weak right pushes that die into the hill face. Add +12 yards to the raw 158-yard distance and aim left-center so your ball clears the crest and stays out of the right rough.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Crest layup is safe! Advance your shot aggressively (185–195 yds Plays-Like) up the left-center throat to leave a short 30-yard pitch.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

DO NOT hit a low-trajectory runner into the steep bank or leave the ball short of the crest (leaves a completely blind 3rd shot).

Why: You must carry the top of the ridge on your second shot to have a clear view of the green surface for your approach.

SHOT 3 Back-Left Number Approach

🎯 Target: Back-Left / Center Quadrant

📏 **RAW YARDAGE:** 95 yds Center (80y Front / 111y Back · 32y Deep Green) ⛰️ **PLAYS LIKE:** Plays Like 108 yds (+13 yds uphill & back-half safety buffer)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play the 108-yard Plays-Like distance (matching the BACK green yardage) and aim at the LEFT-CENTER of the green.

↗️ **Short & Right Miss Fix:** High-handicappers leave 80% of uphill approaches short and right. On #1, the green tilts right-to-left, so missing right leaves the hardest downhill chip on the front nine!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Aim 4 yards right of the pin playing a 102-yard carry and let the right-to-left tilt feed it to the cup.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER miss wide right of the 1st green—chips from the right bank race away down the right-to-left slope.

Why: Balls landing on the center or left-center hold nicely, whereas any short-right miss faces a treacherous sidehill pitch.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

2 Hole 2: "The Bunker Ring"

PAR 3 | WHITE RAW: 155Y · PLAYS LIKE: 160Y (+5y) | HDCP 15

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
169y	155y	155y	149y	100y	98y

KEY STRATEGY THEME: Downhill Par 3 · 6 Surrounding Bunkers · Play Back-Left Yardage

⛳ GREEN READ: Ringed by 6 bunkers · Steep hill drop-off left

NO-GO ZONES ON HOLE 2:

- ⛔ Large Left Bunker (BUNKER)
- ⛔ Front-Right Bunkers (BUNKER)
- ⛔ Left Guard Bunkers (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 155 YDS RAW / 160 YDS PLAYS LIKE)

A downhill Par 3 encircled by six sand traps. While the elevation drop tempts players to take yardage off, high-handicappers who play for a shorter distance almost always flare it short-right directly into the front-right bunker complex.

💡 **PRO TIP:** *"This is one of the most heavily bunkered holes on the course! A half-dozen traps surround most of the green and test your distance control. The large bunker on the left protects wayward tee shots from rolling down the steep hill."*

SHOT 1 Full-Carry Center-Left Tee Shot

🎯 Target: Center / Back-Center of Green

📏 **RAW YARDAGE:** 155 yds Center from White Tee (143y Front / 167y Back)

⛰️ **PLAYS LIKE:** Plays Like 160 yds (+5y front-bunker carry buffer — ignore downhill look!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

DO NOT subtract yardage for the downhill drop! Play a full 160-yard Plays-Like carry aimed at the LEFT-CENTER of the green.

↗️ **Short & Right Miss Fix:** Slightly mishit shots lose 10–12 yards and drift right into the twin front-right bunkers. Playing for a 160-yard carry aimed left-center guarantees you fly all front sand traps.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the dance floor! Now you can play the exact 150-yard downhill carry and fire directly at the flagstick.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID coming up short into the front-right bunkers or pulling hard left into the giant hillside trap.

Why: Six bunkers guard 80% of the perimeter; carrying the front traps to the fat back-center of the green is an automatic two-putt par.

SHOT 2 Defensive Lag Putt

🎯 Target: 3-Foot Par Circle

📏 **RAW YARDAGE:** On Putting Surface (24-Yard Deep Green)

⛰️ **PLAYS LIKE:** Plays Fast on Downhill / Sidehill Contours (+10% break)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Lag your first putt to a 3-foot circle on the high side of the hole and tap in for par.

Putting Read: Bentgrass greens here roll faster than typical public courses—start your putt 6 inches higher on the break than you think.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Par is secured! Give the birdie putt an aggressive roll at the high half of the cup.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

DO NOT race your first putt 5 feet past the hole into a tester comeback putt.

Why: Walking off a 6-bunker Par 3 with a routine two-putt par keeps scramble momentum rolling.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

3 Hole 3: "The Chute Dogleg"

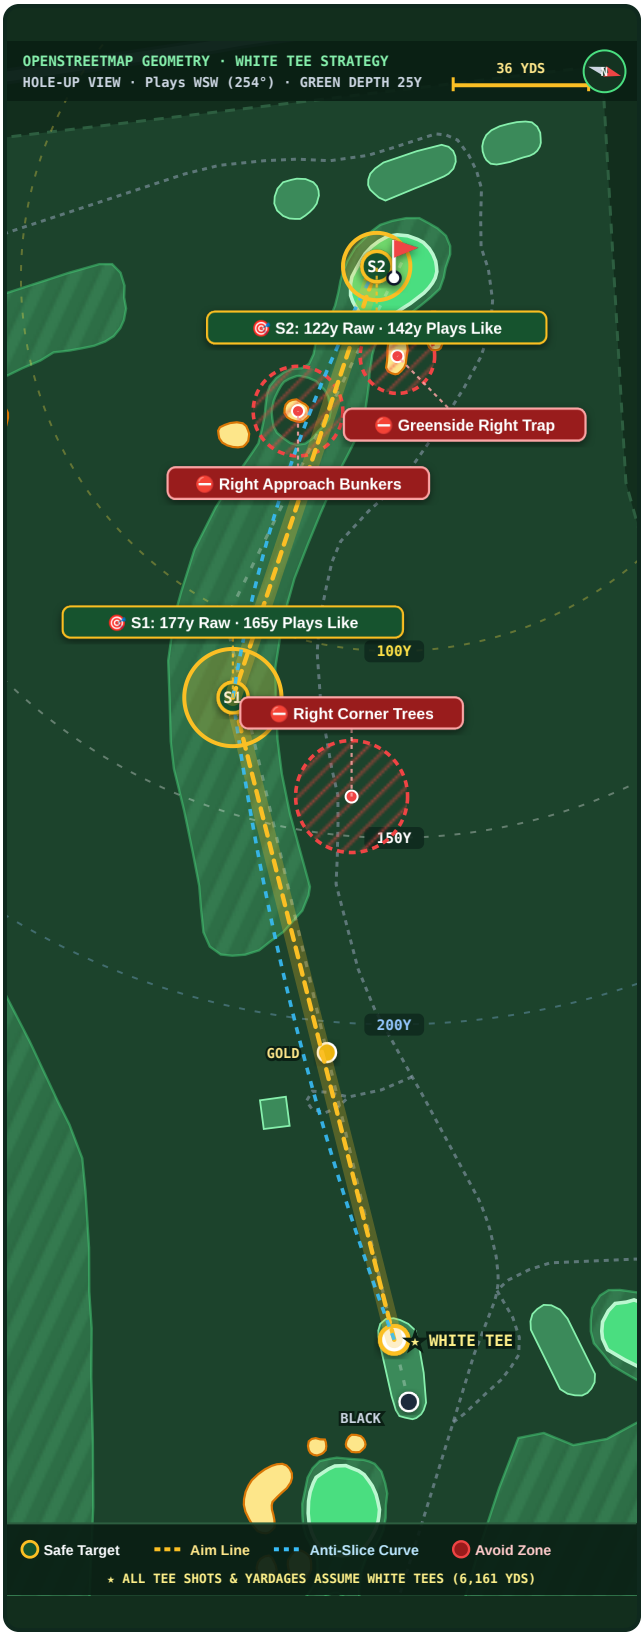

PAR 4 | WHITE RAW: 311Y · PLAYS LIKE: 320Y (+9y)

HDCP 11

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
328y	311y	311y	233y	232y	170y

KEY STRATEGY THEME: Short Dogleg Right · Hard Left-to-Right Slope · Blind Uphill Green

⛳ GREEN READ: Blind uphill surface · 4 bunkers guarding the right side

NO-GO ZONES ON HOLE 3:

- ⛔ Right Corner Trees (TREES)
- ⛔ Right Approach Bunkers (BUNKER)
- ⛔ Greenside Right Trap (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 311 YDS RAW / 320 YDS PLAYS LIKE)

The shortest Par 4 on the course is a double trap for high-handicappers: the downhill fairway kicks hard left-to-right (magnifying a slice into the right trees/bunkers), and the uphill blind approach causes 90% of players to miss short-right in the 4 stair-stepped bunkers.

💡 **PRO TIP:** *"It plays downhill off the tee to a fairway that slopes hard from left to right. The hole turns to the right and the approach plays steeply back uphill to an elevated green whose putting surface isn't visible from the fairway."*

SHOT 1 Far-Left Chute Layup

🎯 Target: Far-Left Fairway (95 Yds Out)

📏 **RAW YARDAGE:** 177 yds to Valley Landing Zone (311 yds Total from White Tee)

⛰️ **PLAYS LIKE:** Plays Like 165 yds (-12 yds downhill roll & left-to-right valley kick)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Do not try to overpower this hole! Hit a controlled 165-yard Plays-Like shot aimed at the FAR-LEFT edge of the fairway.

↗️ **Short & Right Miss Fix:** Because the fairway tilts severely left-to-right AND your natural shot fades right, aiming down the middle kicks your ball straight into the right rough/trees. Aiming far-left funnels your ball into the flat center valley!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Valley layup is safe! A second player can play a 190-yard Plays-Like shot slightly further into the lower valley to leave a 65-yard pitch.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER try to cut the right dogleg corner—a right fade is dead in the right corner trees or 4 right-side bunkers.

Why: Letting the downhill left-to-right camber feed a left-aimed tee shot into the valley leaves a level 122-yard approach.

SHOT 2 Blind Uphill Approach (+20 Yds)

🎯 Target: Back-Left Quadrant of Green

📏 **RAW YARDAGE:** 122 yds Center (110y Front / 135y Back · 25y Deep Green)

⛰️ **PLAYS LIKE:** Plays Like 142 yds (+20 yds for steep blind uphill & 4 right bunkers!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Add +20 FULL YARDS to the raw distance (play a 142-yard shot) and aim at the LEFT HALF of the blind green!

↗️ **Short & Right Miss Fix:** Four bunkers stair-step up the entire front-right and right side of this blind uphill green. Aiming at the left half with a 142-yard Plays-Like carry completely eliminates all four sand traps!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Play a 135-yard carry and fire high at the flagstick.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER miss short or right—all 4 bunkers sit short-right waiting for under-hit fades.

Why: Because the putting surface is hidden uphill, players chronically underestimate the climb by 15–20 yards and plug in the right traps.

SHOT 3 Two-Putt Finish

🎯 Target: Cup Center

📏 **RAW YARDAGE:** On Putting Surface (25-Yard Deep Green)

⛰️ **PLAYS LIKE:** Plays True / Level Speed Once on Top of Plateau

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Roll your putt smoothly across the elevated surface for an easy par.

Putting Read: Once you bypass the 4 right-side bunkers, the green surface itself has gentle, readable contours.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Aggressive birdie roll right at the center of the cup!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Don't leave birdie putts short in the heart.

Why: Hitting this blind green in regulation picks up a full stroke on the scramble field.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

4 Hole 4: "Tree-Backed Par 3"

PAR 3 | WHITE RAW: 155Y · PLAYS LIKE: 155Y (Flat) | HDCP 13

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
186y	155y	155y	125y	123y	105y

KEY STRATEGY THEME: Slightly Downhill · 30-Yd Deep Green · Left Bunkers & Back Trees

⛳ GREEN READ: Large 30-yd deep green · Ridge on right third

NO-GO ZONES ON HOLE 4:

- ⛔ Left Guard Bunkers (BUNKER)
- ⛔ Front-Left Bunker (BUNKER)
- ⛔ Penalty Trees Behind Green (TREES)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 155 YDS RAW / 155 YDS PLAYS LIKE)

A generous 30-yard-deep Par 3 protected by left-side bunkers and small penalty trees tightly lining the back collar. For a short-and-right hitter, aiming at the left-center of the green lets your natural fade land safely in the dead center.

💡 **PRO TIP:** *"It features a deep 30-yard green, which is welcoming, but a pin tucked in the back-right corner over the bunker is a trap. Missing pin-high left leaves a tricky chip or putt across a pronounced ridge on the right third of the green, and small trees behind the green penalize anything long."*

SHOT 1 Center-Yardage Fade Tee Shot

🎯 Target: Center of Green (Start Left-Center)

📏 **RAW YARDAGE:** 155 yds Center from White Tee (140y Front / 170y Back)

⛰️ **PLAYS LIKE:** Plays Like 155 yds (True flat Center yardage — do not exceed 168y!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play the exact 155-yard CENTER green distance and aim at the LEFT-CENTER of the green so your fade settles middle.

↗️ **Short & Right Miss Fix:** A bunker guards the front-left/right corners and a ridge divides the right third of the green. Starting your shot at the left-center with a 155-yard carry keeps your fade on the fat middle and short of the back trees.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the center of the green! Now a second player can shape a 155–160 yard shot closer to the flag, staying strictly short of the 170-yard back collar.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER chase a tucked back-right pin over the bunker OR carry past 170 yards into the penalty trees behind the green.

Why: The back-right pin is a sucker trap over sand, and going over the back edge leaves an unplayable lie in small trees.

SHOT 2 Putting Across the Right Ridge

🎯 Target: Hole Location

📏 **RAW YARDAGE:** On Putting Surface (30-Yard Deep Green)

⛰️ **PLAYS LIKE:** Plays Fast Over Right-Third Spine (Die Ball at Cup)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Pay close attention to the spine dividing the right third of the green from the left two-thirds.

Putting Read: Putts crossing the right-third ridge pick up speed once they crest the spine—die the ball gently at the hole.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Read the spine break from your teammate's putt and pour it in!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Avoid blowing lag putts past the right-side ridge.

Why: The ridge along the right third of #4 green is a notorious three-putt trap if you hit it too firmly.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

5 Hole 5: "Blind Crest to Steep Green" PAR 5

WHITE RAW: 460Y · PLAYS LIKE: 470Y (+10y) HDCP 5

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
473y	460y	398y	398y	346y	234y

KEY STRATEGY THEME: Blind Tee Shot · Severe Right-to-Left Fairway · Tiny 18-Yd Steep Green

GREEN READ: Tiny (18 yds deep) · Vicious back-to-front & sideways tilt

NO-GO ZONES ON HOLE 5:

- Severe Sidehill Rough (SLOPE)
- Deep Right Bunker (BUNKER)
- Deep Front-Left Bunker (BUNKER)

WIND ADD/SUBTRACT TO PLAYS-LIKE: Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 460 YDS RAW / 470 YDS PLAYS LIKE)

A dramatic Par 5 with a blind tee shot over a crest where the fairway slopes severely from right to left—acting as a natural anti-slice funnel! However, the tiny 18-yard-deep elevated green is guarded by two deep front bunkers and a wicked back-to-front tilt.

> 💡 **PRO TIP:** *"The tee shot is blind, but there isn't hidden trouble and the fairway slopes severely from right to left. The approach into the green is straight uphill to a very small surface that slopes steeply from back to front, with two deep bunkers short of the green that catch everything under-hit."*

SHOT 1 Blind Crest Tee Shot

🎯 Target: Center Crest (Slope Cancels Slice!)

📏 **RAW YARDAGE:** 215 yds to Center Crest (460 yds Total from White Tee)

⛰️ **PLAYS LIKE:** Plays Like 210 yds (-5 yds forward/left kick off right-to-left slope)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim straight over the CENTER of the blind crest (210-yard Plays-Like carry)—the severe right-to-left fairway slope will catch a fade/slice and kick it into the middle!

↗️ **Short & Right Miss Fix:** For once, a left-to-right fade aimed down the middle is perfect! The hillside slopes hard right-to-left, neutralizing a slice and kicking your ball toward the flat center.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Fairway ball is safe! Swing freely for a 235-yard carry aimed slightly right-of-center to catch the speed slot down the hill.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID aiming far left off the tee—the right-to-left slope will kick a left-aimed shot into the left rough.

Why: Using the right-to-left hillside camber turns a natural slice into a center-fairway drive.

SHOT 2 Sidehill 90-Yd Shelf Layup

🎯 Target: Flat Shelf (88 Yds Short of Green)

📏 **RAW YARDAGE:** 139 yds to Flat Shelf (Leaves 86 yds Raw to Pin)

⛰️ **PLAYS LIKE:** Plays Like 145 yds (+6 yds for choked-down grip on ball-above-feet lie)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Choke down 1 inch (ball is above your feet) and play a 145-yard Plays-Like layup aimed RIGHT-CENTER to land on the flat shelf 85–90 yards out.

↗️ **Short & Right Miss Fix:** A ball-above-your-feet lie causes shots to fly left and slightly shorter when choking down. Aiming right-center with a 145-yard Plays-Like swing keeps your layup in the flat center fairway.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

86-yard shelf layup is locked in! Even with a safe ball, laying up to 60–75 yards is smarter than attacking the tiny uphill green from 220+ yards.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER attack the tiny 18-yard-deep elevated green from 200+ yards—2 deep front bunkers catch every short or faded shot.

Why: The twin deep front bunkers catch almost every long second shot, whereas the 86-yard shelf gives a clean angle.

SHOT 3 All-Carry Uphill Approach (+12 Yds)

🎯 Target: Center-Left of Green (Clear Front Traps!)

📏 **RAW YARDAGE:** 86 yds Center (77y Front / 95y Back · Tiny 18y Deep Green)

⛰️ **PLAYS LIKE:** Plays Like 98 yds (+12 yds steep uphill carry over twin front bunkers)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play a 98-yard Plays-Like carry (+12 yds over the raw number) to fly the two deep front bunkers, aiming at the LEFT-CENTER of the green!

↗️ **Short & Right Miss Fix:** This green is only 18 yards deep and sits straight uphill behind two deep traps. A short-right miss plugs in the deep right bunker or leaves an impossible sidehill pitch.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Attack the pin with a high-trajectory 95–98 yard carry that lands center-left below the hole.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER miss short-right in the deep bunker OR fly past the 105-yard Plays-Like back edge (vicious downhill/sideways putts!).

Why: Even 5-foot putts break sharply sideways if you finish above the hole or right of the pin on #5.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

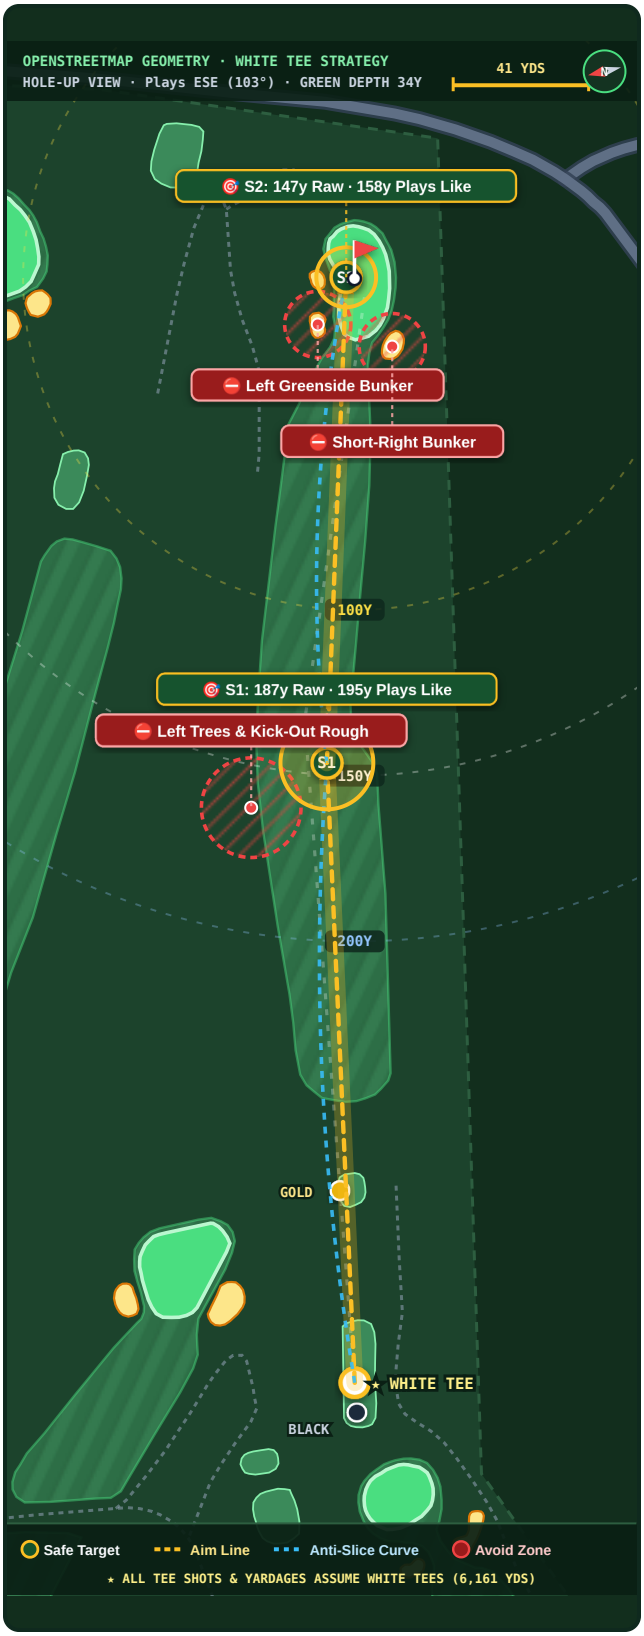

6 Hole 6: "The Camber Trap"

PAR 4 | WHITE RAW: 333Y · PLAYS LIKE: 345Y (+12y) | HDCP 3

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
342y	333y	333y	327y	275y	220y

KEY STRATEGY THEME: #3 Handicap (342 Yds) · Severe Right-to-Left Fairway & Green

⛳ GREEN READ: Slopes hard right-to-left · Stay left/below the hole

NO-GO ZONES ON HOLE 6:

⛔ Left Trees & Kick-Out Rough (TREES) | ⛔ Left Greenside Bunker (BUNKER) | ⛔ Short-Right Bunker (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 333 YDS RAW / 345 YDS PLAYS LIKE)

Why is a 333-yard Par 4 ranked the #3 handicap? Because the semi-blind fairway and green tilt severely from right to left. For a high-handicapper who fades the ball, this tee shot fits your eye—your fade lands into the right bank and kicks left to the middle!

💡 **PRO TIP:** *"It is uncommon to see a 333-yard Par 4 ranked as the #3 handicap! The tee shot is semi-blind, and you must favor the right side for a bounce to the left. Laying too far back off the tee leaves a long approach from a severe ball-above-feet hook lie—getting closer to the green makes the sidehill approach much easier."*

SHOT 1 Right-Center Bank Tee Shot

🎯 Target: Right-Center Fairway Bank

📏 **RAW YARDAGE:** 187 yds to Right-Center Bank (333 yds Total from White Tee)

⛰️ **PLAYS LIKE:** Plays Like 195 yds (+8 yds into upslope bank that kicks ball left)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim down the CENTER-RIGHT of the fairway for a 195-yard Plays-Like shot! Your natural fade will hit the upslope bank and kick left into the center.

↗️ **Short & Right Miss Fix:** Laying too far back leaves a long 175+ yard shot from a severe ball-above-feet lie! Playing a 195–210 yard tee shot up the right-center bank gets you closer so you have a shorter approach off the slope.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Fairway ball is in! Swing aggressively (220+ yds Plays-Like) down the right half to get inside 110 yards.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID aiming left (kicks into left trees) or laying back under 160 yards (leaves a brutal long sidehill stance).

Why: Getting closer to the green on #6 lets you play a much shorter, higher-lofted approach off the severe sidehill lie.

SHOT 2 Sidehill Lie Approach (+11 Yds)

🎯 Target: Center / Back-Left of Green

📏 **RAW YARDAGE:** 147 yds Center (134y Front / 160y Back · 26y Deep Green)

⛰️ **PLAYS LIKE:** Plays Like 158 yds (+11 yds for uphill rise & 1-inch choked-down grip)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Choke down 1 inch (ball is above your feet) and play a 158-yard Plays-Like shot aimed at the CENTER of the green.

↗️ **Short & Right Miss Fix:** A short-right bunker guards the front-right corner, and missing right of the pin leaves a lightning-fast right-to-left putt. Playing the 158-yard Plays-Like distance carries the front-right trap and lets the slope feed the ball center.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Aim 4 yards right of the flag (155y Plays-Like) and let the sidehill draw bring it right to the hole.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER miss short-right in the front bunker OR leave your ball high on the right side above the hole.

Why: Choking down 1 inch takes ~8 yards off your carry, and the uphill rise adds another +3–4 yards.

SHOT 3 Right-to-Left Slope Putt

🎯 Target: Hole Center

📏 **RAW YARDAGE:** On Putting Surface (26-Yard Deep Green)

⛰️ **PLAYS LIKE:** Heavy Right-to-Left Break Toward Left Bunker

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play generous right-to-left break and focus on dying the ball softly at the cup.

Putting Read: Everything on #6 green breaks toward the left bunker—never miss on the low (left) side.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Start it well above the high right edge and drip it in!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

If you are on the right half above the hole, barely breathe on the putt.

Why: The green mirrors the severe right-to-left camber of the fairway.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

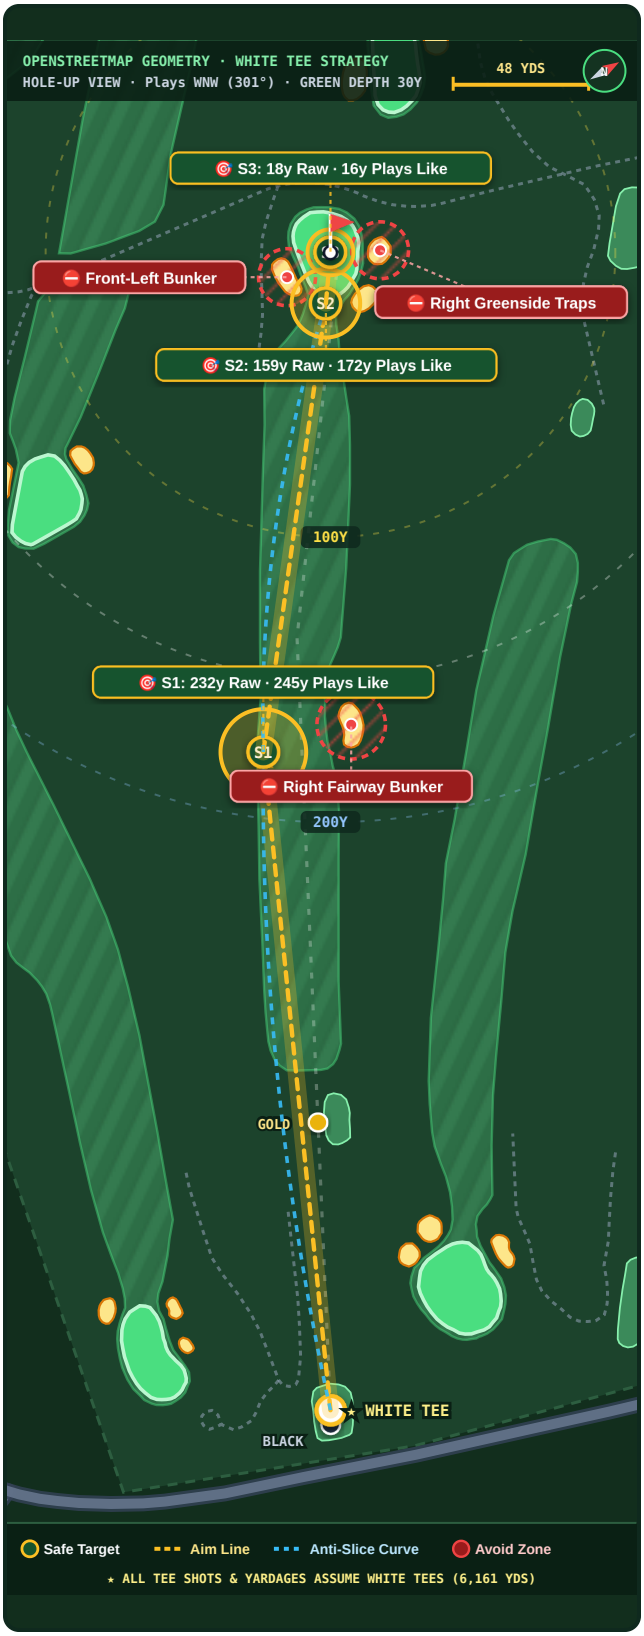

7 Hole 7: "The Monster (#1 Handicap)" PAR 4

WHITE RAW: 407Y · PLAYS LIKE: 430Y (+23y) · HDCP 1

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
412y	407y	311y	311y	306y	200y

KEY STRATEGY THEME: Stroke Index #1 · 412 Yds Into Wind · Left-to-Right Fairway Kick

⛳ GREEN READ: Slopes left-to-right · 2 right traps & 1 front-left trap

NO-GO ZONES ON HOLE 7:

- ⛔ Right Fairway Bunker (BUNKER)
- ⛔ Right Greenside Traps (BUNKER)
- ⛔ Front-Left Bunker (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 407 YDS RAW / 430 YDS PLAYS LIKE)

The #1 Handicap and hardest hole at Spotswood: a 407-yard Par 4 playing into the prevailing wind with a fairway that kicks left-to-right toward a right fairway bunker. Because high-handicappers already miss short and right, this hole will swallow any tee shot aimed down the middle!

💡 **PRO TIP:** *"This is the longest Par 4, and the #1 hardest hole, on the course. It almost always plays into the prevailing wind. Your tee shot must favor the far-left side of the fairway to allow for a bounce to the right over the fairway ridge. Any team walking off #7 with a par beats the field."*

SHOT 1 Far-Left Anti-Slice Tee Shot

🎯 Target: Far-Left Fairway Edge

📏 **RAW YARDAGE:** 232 yds to Left-Center Ridge (407 yds Total from White Tee) · ⛰️ **PLAYS LIKE:** Plays Like 245 yds (+13 yds into prevailing headwind & ridge rise)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the FAR-LEFT edge of the fairway with a smooth 85% tempo swing! Both your natural fade AND the fairway slope will push the ball right.

↗️ **Short & Right Miss Fix:** A headwind magnifies a slice, and the ground slopes left-to-right into a right fairway bunker. Starting your ball down the far-left edge is the only way to finish in the center of the fairway!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Left-center ball is safe! Tee it slightly lower to bore through the wind and rip a full tee shot up the left half.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER aim center or right—the headwind + left-to-right slope + fade will push you straight into the right bunker or trees.

Why: The fairway kicks hard left-to-right directly into the prevailing headwind.

SHOT 2 Front-Left Apron Smart Approach

🎯 Target: Front-Center Apron Opening

📏 **RAW YARDAGE:** 159 yds to Front Apron Opening (175y Center / 190y Back) · ⛰️ **PLAYS LIKE:** Plays Like 172 yds (+13 yds into prevailing breeze to reach apron)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the LEFT-CENTER front apron opening (playing for a 172-yard Plays-Like carry) so a short-right fade rolls onto the front fringe.

↗️ **Short & Right Miss Fix:** Two bunkers guard the entire right side of the green, and the green slopes left-to-right toward them. Playing for the 172-yard front-left opening keeps your fade out of the right sand traps.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Apron ball is safe! Now add +15 yards for the headwind (190y Plays-Like) and aim at the left-center of the green.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID forcing a low-percentage long shot aimed at the center/right that slices into the two deep right greenside bunkers.

Why: Playing to the wide front-left apron opening sets up an easy up-and-down par while taking the right bunkers out of play.

SHOT 3 Low Running Apron Pitch / Putt

🎯 Target: Left-High Side of Cup

📏 **RAW YARDAGE:** 18 yds from Front Apron to Pin (29-Yard Deep Green) · ⛰️ **PLAYS LIKE:** Plays Like 16 yds (Low running roll — tilts left-to-right)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play a low running bump-and-run or putt from the front apron (16-yard roll), aiming 3–4 feet LEFT of the cup.

↗️ **Short & Right Miss Fix:** The green tilts left-to-right—chips aimed straight at the flag will drift low and right.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Roll the par/birdie putt firmly inside the left edge!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER hit a high, spinning flop shot from tight grass into the wind.

Why: A simple ground-game roll from the front apron steals a par where other teams card double bogey.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

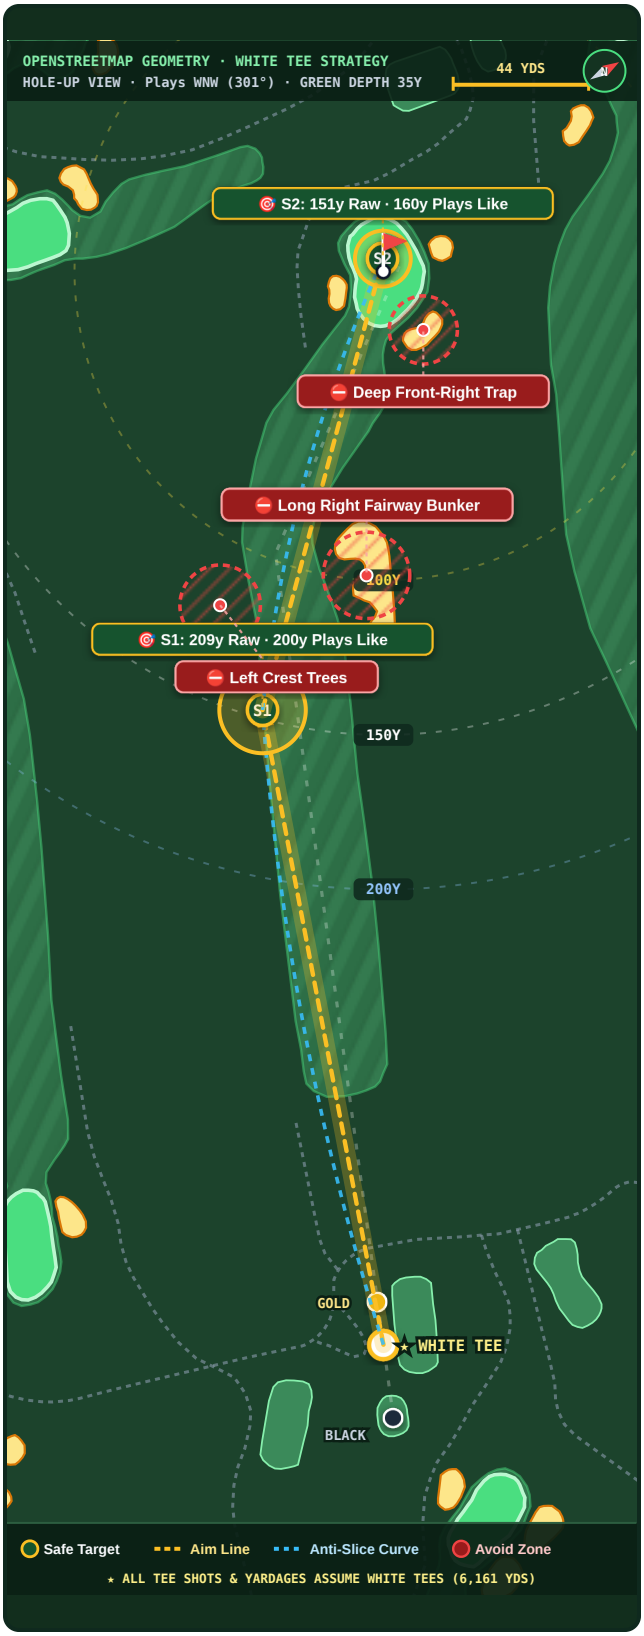

8 Hole 8: "The Right Bunker Dip" PAR 4

WHITE RAW: 356Y · PLAYS LIKE: 358Y (+2y) · HDCP 9

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
380y	356y	356y	349y	342y	217y

KEY STRATEGY THEME: Long Right Fairway Bunker · Downhill Dip · Deep Greenside Traps

⛳ GREEN READ: Downhill approach · Ringed by extra-deep bunkers

NO-GO ZONES ON HOLE 8:

⛔ Long Right Fairway Bunker (BUNKER) · ⛔ Left Crest Trees (TREES) · ⛔ Deep Front-Right Trap (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 356 YDS RAW / 358 YDS PLAYS LIKE)

A textbook hazard layout that targets the short-and-right golfer: a long fairway bunker lines the entire right landing zone at 175–210 yards, and deep high-lipped bunkers guard the front-right entrance to the green. Aim left off the tee and play the back number into the green!

💡 **PRO TIP:** *"A long fairway bunker lines the right side of the landing area—stay left or lay back to avoid it. Past the bunker, the fairway dips down to the right toward the green, and the greenside bunkers here are unusually deep and penal."*

SHOT 1 Left-Half Anti-Bunker Tee Shot

🎯 Target: Left-Center Fairway (Clear of Right Trap)

📏 **RAW YARDAGE:** 209 yds to Left-Center Crest (356 yds Total from White Tee)

⛰️ **PLAYS LIKE:** Plays Like 195–205 yds (Controlled carry left of long right bunker)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim down the LEFT-CENTER of the fairway for a controlled 195–205 yard carry so your fade stays well left of the long right fairway bunker!

↗️ **Short & Right Miss Fix:** The long right fairway bunker sits at the exact distance (175–210 yds) and right-fade line of a typical tee shot! Aiming down the left-center half takes that long right bunker completely out of play.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Fairway ball is safe! Now a big hitter can aim left-center and carry 230+ yards over the crest into the downhill dip.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER aim down the center or right—your fade will fly straight into the long right fairway bunker.

Why: Staying left of the long right fairway trap and short of the left crest trees guarantees a clean second shot.

SHOT 2 Back-Left Number Approach

🎯 Target: Back-Left / Center of Green

📏 **RAW YARDAGE:** 151 yds Center (133y Front / 168y Back · 35y Deep Green)

⛰️ **PLAYS LIKE:** Plays Like 160 yds (+9 yds back-center buffer to clear deep right trap)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play the 160-yard Plays-Like distance (back-center number) and aim at the LEFT-CENTER of the green to fly completely over the deep front-right bunker!

↗️ **Short & Right Miss Fix:** Even though the approach dips slightly downhill, coming up short-right puts you in one of the deepest, steepest bunkers on the course. Playing a 160-yard carry aimed left-center guarantees green grass.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Green is hit! Attack the flagstick, making sure your carry is at least 145+ yards to clear the front bunker lip.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

STAY OUT of the deep front-right and greenside bunkers—the steep faces often cost teams two strokes.

Why: The greenside traps on #8 are deep and penal, while the green itself is a huge 35 yards deep.

SHOT 3 Smooth Two-Putt

🎯 Target: Hole Location

📏 **RAW YARDAGE:** On Putting Surface (35-Yard Deep Green)

⛰️ **PLAYS LIKE:** True, Predictable Roll Across 35-Yard Surface

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Two-putt smoothly across the 35-yard-deep surface for par.

Putting Read: Once on the putting surface, #8 has very true, predictable rolls.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Pour in the birdie putt!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Don't leave long lag putts short on this extra-deep 35-yard green.

Why: After avoiding the deep front-right traps, #8 is a great birdie/par green.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

9 Hole 9: "The Optical Illusion"

PAR 3 | WHITE RAW: 146Y · PLAYS LIKE: 156Y (+10y) | HDCP 17

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
168y	146y	139y	139y	133y	85y

KEY STRATEGY THEME: Looks Downhill But Plays Flat · Left Hill Kicks Onto Green · Short-Right = Sand!

⛳ GREEN READ: 37 yds deep · Left bank funnels balls onto green · Bunkers short-right

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 146 YDS RAW / 156 YDS PLAYS LIKE)

An optical-illusion Par 3! It looks downhill from the tee, but actually plays flat-to-longer to a massive 37-yard-deep green. Best of all for slicers: a steep hill on the left kicks balls down onto the green, while bunkers guard the entire short-right side!

💡 **PRO TIP:** *"While the 9th hole appears to be downhill, it actually plays flat! A left miss kicks down the hill toward the green, while a short or right miss finds the greenside bunkers. The green is 37 yards deep, and tree shadows make judging distance tricky."*

SHOT 1 Left-Bank Funnel Tee Shot (+10 Yds)

🎯 Target: Left-Center / Back-Left (Kick Slope!)

📏 **RAW YARDAGE:** 146 yds Center from White Tee (128y Front / 165y Back)

⛰️ **PLAYS LIKE:** Plays Like 156 yds (+10 yds back-half buffer — false downhill look!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Add +10 yards to the center distance (play a 156-yard Plays-Like shot to the back half of the 37-yd green) and aim at the LEFT EDGE of the green!

↗️ **Short & Right Miss Fix:** Every short-and-right miss plugs directly into the right greenside bunkers! By aiming at the left edge with a 156-yard carry, a straight shot kicks off the left hill onto the green, and a fade lands dead center!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Play the exact 146–150 yard carry and fire right at the flagstick.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER subtract yardage for the false downhill look, and NEVER miss short or right!

Why: A left miss kicks down the hill onto the green, whereas any short-right miss plugs in the sand.

SHOT 2 Deep-Green Lag Putt

🎯 Target: Cup Center

📏 **RAW YARDAGE:** On Putting Surface (37-Yard Deep Green)

⛰️ **PLAYS LIKE:** Plays +10% Slower in Tree Shadows (Hit Lag Putts Firmly)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Give long lag putts an extra 10% pace—this green is 37 yards deep.

Putting Read: Tree shadows shading the 9th green make the turf look faster than it actually rolls.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Confident birdie stroke to close out the front nine!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Avoid leaving 40-foot putts 8 feet short in the shadows.

Why: Surrounding tree shadows make depth perception and lag putting speed deceptive on #9.

NO-GO ZONES ON HOLE 9:

⛔ Short-Right Bunker (BUNKER) ⛔ Right Greenside Trap (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

10 Hole 10: "The Slicer's Friend"

PAR 4 | WHITE RAW: 351Y · PLAYS LIKE: 365Y (+14y) | HDCP 14

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
367y	351y	351y	344y	251y	185y

KEY STRATEGY THEME: Dogleg Right · Built for Left-to-Right Hitters · Hidden Deep Green

⛳ GREEN READ: 36 yds deep & flat · Uphill hides the back half

NO-GO ZONES ON HOLE 10:

⛔ 200-Yd Fairway Runout Bunker (BUNKER)

⛔ Left Greenside Bunker (BUNKER) | ⛔ Right Greenside Bunker (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 351 YDS RAW / 365 YDS PLAYS LIKE)

Great news for left-to-right faders! While long straight hitters run through this dogleg right at 200 yards, players who move the ball left-to-right have a massive advantage here! The uphill second shot plays to a green that is much deeper (36 yds) than it looks.

💡 **PRO TIP:** *"Players who move the ball left-to-right have a big advantage here, as a straight shot down the middle runs out of fairway into the bunker if carried over 200 yards. The approach is uphill enough that you can't see the whole surface—and the green is much deeper (36 yds) than it looks."*

SHOT 1 Left-to-Right Fade Corner Tee Shot

🎯 Target: Left-Center Corner (Let It Fade Right!)

📏 **RAW YARDAGE:** 176 yds to Dogleg Corner (351 yds Total from White Tee)

⛰️ **PLAYS LIKE:** Plays Like 185 yds (Controlled fade around corner; max 195y if straight)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the LEFT-CENTER fairway bunker line for a 180–185 yard carry and let your natural left-to-right fade curve around the dogleg right!

↗️ **Short & Right Miss Fix:** Your natural left-to-right shot shape is a superpower on #10! Start the ball at the left-center corner (180–185 yds)—if it goes straight, you stop short of the 200-yard runout bunker; if it fades right, it follows the dogleg perfectly!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Corner ball is safe! Aim at the left corner bunker and hit an aggressive high fade (210–230 yds) around the bend.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

DO NOT aim right at the inside dogleg trees—start it left-center and let your fade do the work.

Why: Left-to-right ball flights match the exact geometry of the #10 dogleg.

SHOT 2 Deep-Green Uphill Approach (+13 Yds)

🎯 Target: Back-Left / Center of 36-Yd Green

📏 **RAW YARDAGE:** 157 yds Center (139y Front / 175y Back · 36y Deep Green)

⛰️ **PLAYS LIKE:** Plays Like 170 yds (+13 yds for uphill rise & hidden 36-yd depth)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play the 170-yard Plays-Like distance (back-center yardage) and aim at the LEFT-CENTER of the green!

↗️ **Short & Right Miss Fix:** The uphill slope hides how deep this 36-yard green is, and a bunker guards the right edge. Playing a 170-yard carry aimed left-center prevents coming up 15 yards short or fading into the right sand!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the surface! Play a 162–168 yard carry and fire straight at the flag—this flat green holds shots well.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID playing for less than 160 yards or aiming right where the right greenside bunker catches every fade.

Why: Because you can't see the back half of the green from the fairway, players routinely leave approaches 15 yards short.

SHOT 3 Aggressive Birdie Putt

🎯 Target: Hole Center

📏 **RAW YARDAGE:** On Putting Surface (36-Yard Deep Green)

⛰️ **PLAYS LIKE:** Flat, True Roll — Minimal Break

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Roll your putt confidently—this is one of the flattest greens at Spotswood.

Putting Read: Don't give away the hole by over-reading break; hit it firmly inside the cup.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Center-cut birdie stroke!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Don't leave birdie putts short in the jaws.

Why: Good approaches on #10 are frequently rewarded with straightforward birdie putts.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

11 Hole 11: "Rolling Camber & Front-Left Trap" PAR 4

WHITE RAW: 374Y · PLAYS LIKE: 380Y (+6y) · HDCP 8

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
389y	374y	311y	311y	308y	222y

KEY STRATEGY THEME: Right-to-Left Rolling Fairway · Penal Short-Left Bunker · Back-to-Front Green

GREEN READ: Steep back-to-front slope · Open front-right entrance

NO-GO ZONES ON HOLE 11:

- Left Fairway Bunker (BUNKER)
- Penal Short-Left Bunker (BUNKER)
- Above-the-Hole Danger Zone (SLOPE)

WIND ADD/SUBTRACT TO PLAYS-LIKE: Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 374 YDS RAW / 380 YDS PLAYS LIKE)

A rolling Par 4 where the fairway tilts right-to-left (helping keep a right fade in the short grass!) and rolls in up-and-down moguls. The green features a penal short-left bunker and a steep back-to-front slope.

> 💡 **PRO TIP:** *"The fairway slopes from right to left and rolls up and down in moguls toward the green—meaning a tee shot stopping on an upslope leaves a much longer approach than one catching a downslope. Avoid the short-left bunker and stay below the hole on this steep back-to-front green."*

SHOT 1 Center-Aimed Mogul Tee Shot

🎯 Target: Center / Right-Center Fairway

📏 **RAW YARDAGE:** 205 yds to Fairway Landing Zone (374 yds Total from White Tee)

⛰️ **PLAYS LIKE:** Plays Like 205 yds (Right-to-left tilt kicks right fades back to center)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim down the CENTER of the fairway (205-yard Plays-Like carry)—if you fade it right, the right-to-left fairway slope will kick your ball back to the middle!

↗️ **Short & Right Miss Fix:** The right-to-left fairway tilt acts as a safety net for a slice while keeping you safely right of the left fairway bunker.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Fairway finder is in! Hit an aggressive 230+ yard tee shot down the right-center to catch a forward downslope mogul.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID pulling left into the left fairway bunker.

Why: Letting your natural fade land on the right-center bank uses the course's slope to center your ball.

SHOT 2 Mogul Lie Center-Green Approach

🎯 Target: Center / Front-Right of Green

📏 **RAW YARDAGE:** 165 yds Center (152y Front / 178y Back · 26y Deep Green)

⛰️ **PLAYS LIKE:** Plays Like 172 yds (+7 yds if on upslope mogul; do not go past 178y!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play a 170–172 yard Plays-Like carry (choked down 1/2 inch if ball is above feet) and aim at the CENTER of the green.

↗️ **Short & Right Miss Fix:** For once, missing slightly short-right is the SAFE miss! The deadly bunker is short-LEFT, while the front-right apron is open grass and leaves an uphill chip/putt.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Ball safely below the hole! Fire at the pin (165–170y Plays-Like), keeping your distance strictly below the cup.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER pull your shot into the short-left bunker OR fly past the 178-yard back edge above the hole.

Why: If your tee shot stopped on an upslope mogul, your shot will launch higher and fly ~7 yards shorter.

SHOT 3 Uphill Putt from Below the Hole

🎯 Target: Cup Center

📏 **RAW YARDAGE:** On Putting Surface (26-Yard Deep Green)

⛰️ **PLAYS LIKE:** Slow Uphill Roll from Front · Lightning Fast from Back

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Roll your uphill putt firmly from below the hole.

Putting Read: Uphill putts on #11 are noticeably slow—hit it firmly so it reaches the back half of the cup.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Aggressive uphill stroke into the center of the cup!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

If above a front pin, barely touch it—downhill putts can roll off the front fringe.

Why: Staying below the hole turns #11's steep green into an easy uphill birdie look.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

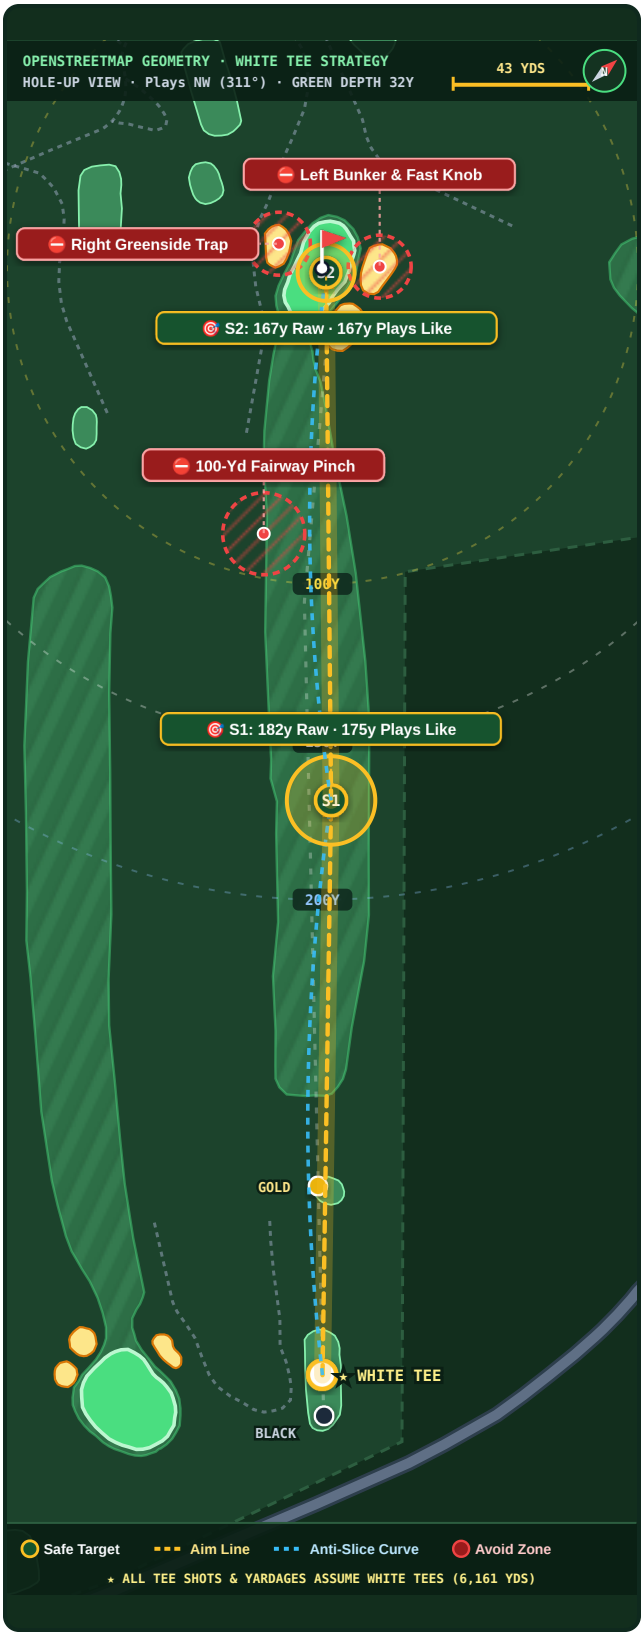

12 Hole 12: "The 150-Post Pinch" PAR 4

WHITE RAW: 352Y · PLAYS LIKE: 340Y (-12y) HDCP 18

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
365y	352y	352y	344y	292y	224y

KEY STRATEGY THEME: #18 Handicap (Easiest Hole) · Fairway Pinches at 100 Yds · Fast Left Knob

⛳ GREEN READ: Knob on left kicks balls fast right · Right greenside trap

NO-GO ZONES ON HOLE 12:

⛔ 100-Yd Fairway Pinch (TREES) · ⛔ Left Bunker & Fast Knob (BUNKER) · ⛔ Right Greenside Trap (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 352 YDS RAW / 340 YDS PLAYS LIKE)

Rated the #18 handicap hole at Spotswood. It plays downhill with a fairway that tilts right-to-left (perfect for catching a right fade!) before pinching narrowly at the 100-yard marker. Watch out for the right greenside bunker on your approach.

💡 **PRO TIP:** *"Distance control off the tee is key on this short, downhill Par 4. The main landing area slopes from right to left, helping keep tee shots in the fairway, before pinching tightly at the 100-yard marker—lay back outside 100 yards! On the green, a prominent knob by the left bunker kicks balls right."*

SHOT 1 175-Yd Right-to-Left Funnel Tee Shot

🎯 Target: Wide Fairway (130 Yds to Pin)

📏 **RAW YARDAGE:** 182 yds to Wide Fairway (352 yds Total from White Tee)

⛰️ **PLAYS LIKE:** Plays Like 175 yds (-7 yds downhill roll — stop short of 100y pinch!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Do not hit a max-distance tee shot! Play a controlled 175-yard Plays-Like carry aimed at the CENTER—if it fades right, the right-to-left slope funnels it right back to the middle!

↗️ **Short & Right Miss Fix:** A 175-yard carry with a slight right fade is the ideal shot on #12! It lands in the widest part of the fairway (stopping 130–145 yards out, short of the 100-yd pinch) where the right-to-left bank kicks it center.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe layup in the wide fairway! Now your longest hitter can aim at the right-center bank for a 220-yard shot.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

DO NOT hit a 240+ yard tee shot into the narrow bottleneck inside the 100-yard marker.

Why: Laying back outside 115 yards uses the widest part of the right-to-left fairway funnel.

SHOT 2 Full-Carry Center-Green Approach

🎯 Target: Dead Center of Green (Clear Right Trap)

📏 **RAW YARDAGE:** 167 yds Center (153y Front / 181y Back · 28y Deep Green)

⛰️ **PLAYS LIKE:** Plays Like 167 yds (Play full flat Center yardage to clear right trap!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play your full flat 167-yard CENTER distance and aim at the DEAD CENTER of the green!

↗️ **Short & Right Miss Fix:** Even though the shot is slightly downhill, players who take yardage off fade it short-right into the right greenside bunker! Playing the full 167-yard Center number aimed dead center carries the right trap while avoiding the fast knob on the left.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the dance floor! Fire right at the pin (165–170y carry) for a scramble birdie.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID missing short-right in the right bunker OR missing left by the knob (leaves a lightning-fast downhill chip).

Why: A prominent knob by the left bunker kicks balls fast to the right, while a bunker guards the short-right edge.

SHOT 3 Scramble Birdie Putt

🎯 Target: Birdie Cup

📏 **RAW YARDAGE:** On Putting Surface (28-Yard Deep Green)

⛰️ **PLAYS LIKE:** Breaks Fast Left-to-Right Away from Left Knob

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Capitalize on the #18 handicap hole—allow for left-to-right break away from the left knob.

Putting Read: Putts from the left half break faster left-to-right than they look.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Center-cut birdie!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Don't miss on the low (right) side of the cup.

Why: Every scramble team counts on a birdie or stress-free par on #12.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

13 Hole 13: "Mountain Frame Dogleg" PAR 4

WHITE RAW: 394Y · PLAYS LIKE: 400Y (+6y) · HDCP 2

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
405y	394y	260y	260y	257y	172y

KEY STRATEGY THEME: #2 Handicap · Dogleg Right · Hidden Right Greenside Trap!

⛳ GREEN READ: Gentle back-to-front tilt · Hidden bunker on right!

NO-GO ZONES ON HOLE 13:

⛔ 240-Yd Runout Bunker (BUNKER) · ⛔ Inside Corner Bunker (BUNKER) · ⛔ Hidden Right Greenside Trap (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 394 YDS RAW / 400 YDS PLAYS LIKE)

The hardest hole on the back nine (#2 Handicap) framed by the Shenandoah Mountains. The dogleg turns right while the ground kicks slightly left—meaning a 195-yard left-to-right fade aimed center-left lands squarely in the middle of the corner! Watch out on Shot 2: the right side of the green looks open, but hides a sneaky bunker!

💡 **PRO TIP:** *"Favoring the center-left and fading it into the right-center corner is the ideal play because the hole moves right while the ground kicks slightly left. On your approach, it looks from the fairway like the best place to miss is to the right—but there is a hidden greenside bunker waiting over there!"*

SHOT 1 Fade-to-Corner Tee Shot

🎯 Target: Dogleg Corner (Aim Center-Left for Fade)

📏 **RAW YARDAGE:** 198 yds to Dogleg Corner (394 yds Total from White Tee) · ⛰️ **PLAYS LIKE:** Plays Like 195–205 yds (Clears 190y right corner trap; short of 240y trap)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play a 195–205 yard tee shot aimed at the LEFT-CENTER of the fairway so your fade finishes in the right-center corner!

↗️ **Short & Right Miss Fix:** Don't aim at the right trees! Start your ball at the left-center fairway—a 195–205 yard fade stays short of the 240-yard runout bunker on the left AND clears the inside-right corner bunker!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Corner ball is safe! Now your longest hitter can shape a 220–230 yard fade around the right-center corner.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID starting your ball down the right edge—a slice from the right line catches the inside-right corner bunker at 190 yards.

Why: Starting left-center gives a short-and-right hitter the widest landing zone while matching the dogleg right geometry.

SHOT 2 Anti-Deception Left-Center Approach

🎯 Target: Left-Center of Green (Avoid Hidden Right Trap!)

📏 **RAW YARDAGE:** 189 yds Center (174y Front / 204y Back · 30y Deep Green) · ⛰️ **PLAYS LIKE:** Plays Like 192 yds (+3 yds carry buffer to clear hidden right bunker!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the LEFT-CENTER of the green and play a full 192-yard Plays-Like carry!

↗️ **Short & Right Miss Fix:** CRITICAL WARNING—from the fairway, the right side of #13 green looks wide open like a safe bailout, but a hidden bunker sits right there! Aim left-center with a full 190–195 yard carry so your fade lands on the putting surface instead of the hidden right sand.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Green is secured! Fire at the flag (189y carry), keeping your aim slightly left of the pin.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

DO NOT bail out or fade short-right—a hidden greenside bunker catches every right miss!

Why: The right side looks like the best place to miss from the fairway, but hides a greenside bunker.

SHOT 3 Gentle Uphill Putt

🎯 Target: Cup Center

📏 **RAW YARDAGE:** On Putting Surface (30-Yard Deep Green) · ⛰️ **PLAYS LIKE:** Gentle Back-to-Front Uphill Incline

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Two-putt up the gentle back-to-front slope for a huge par on the #2 handicap hole.

Putting Read: Give uphill putts an extra foot of speed.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Smooth birdie roll!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Don't leave your lag putt short in the heart.

Why: This green has a very gentle, fair back-to-front incline.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

14 Hole 14: "The Maple Tree Slant" PAR 4

WHITE RAW: 340Y · PLAYS LIKE: 350Y (+10y) · HDCP 16

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
349y	340y	340y	334y	215y	168y

KEY STRATEGY THEME: Severe Right-to-Left Fairway Slope · Blocking Maple Trees · Tricky Green

GREEN READ: Subtle tricky undulations · 3 greenside bunkers

NO-GO ZONES ON HOLE 14:

- Blocking Maple Trees (TREES)
- Severe Left Kick Slope (SLOPE)
- Front-Left Greenside Trap (BUNKER)

WIND ADD/SUBTRACT TO PLAYS-LIKE: Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 340 YDS RAW / 350 YDS PLAYS LIKE)

A short Par 4 where the entire fairway tilts severely from right to left, and tall maple trees beyond the landing zone block approaches hit too far right. For a short-and-right hitter, a 180–185 yard tee shot aimed center-right hits the bank, kicks left into the middle, and stops safely short of the maples!

> 💡 **PRO TIP:** *"Favor the right-center side of the fairway on this short Par 4, as the entire hole slopes severely from right to left. Several tall maple trees just beyond the landing area will block your approach if you go too far right. From the fairway, you will face a severe ball-above-feet sidehill lie."*

SHOT 1 185-Yd Bank-Kick Tee Shot

🎯 Target: Center-Right Fairway (Short of Maples)

📏 **RAW YARDAGE:** 181 yds to Center-Right Bank (340 yds Total from White Tee)

⛰️ **PLAYS LIKE:** Plays Like 185 yds (Kicks left off steep bank & stops short of maples)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play a controlled 180–190 yard tee shot aimed at the CENTER-RIGHT fairway—your fade will hit the steep bank, kick left to the middle, and stop short of the maple trees!

↗️ **Short & Right Miss Fix:** Don't hit a 225+ yard shot too close to the maple trees on the right, and don't worry about a right fade—the steepest right-to-left fairway slope on the course kicks right fades straight into the center!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball with a clear angle! A second player can hit an aggressive 230-yard shot aimed at the right-center bank to kick down inside 95 yards.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID hitting 215+ yards down the right side behind the blocking maple trees.

Why: Stopping 150–155 yards out gives you plenty of height to clear the maple trees from the widest part of the fairway.

SHOT 2 Severe Sidehill Approach (+12 Yds)

🎯 Target: Back-Right / Center of Green

📏 **RAW YARDAGE:** 155 yds Center (141y Front / 169y Back · 28y Deep Green)

⛰️ **PLAYS LIKE:** Plays Like 167 yds (+12 yds for 1.5-inch choked-down sidehill grip)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Ball is way above your feet! Choke down 1.5 inches, play for a 167-yard Plays-Like distance, and aim at the RIGHT-CENTER of the green.

↗️ **Short & Right Miss Fix:** It is tough to make clean contact from this severe sidehill lie, causing chunked short shots or left hooks. Choking down 1.5 inches and playing for a 167-yard distance guarantees solid contact and full carry to the green!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Green hit! Aim 6 yards right of the pin (162–165y Plays-Like) and let the sidehill draw curve it right onto the flagstick.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER take a full-length grip (you'll chunk the hill behind the ball) or aim at the front-left bunker.

Why: Choking down 1.5 inches prevents digging into the steep sidehill slope, and adding +12 yards makes up for the shorter grip lever.

SHOT 3 Defensive Pace Putt

🎯 Target: 3-Foot Circle

📏 **RAW YARDAGE:** On Putting Surface (28-Yard Deep Green)

⛰️ **PLAYS LIKE:** Subtle Crowns & Double-Breaks (Die Ball at Cup)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Focus 100% on lag speed—this green has the trickiest subtle crowns on the course.

Putting Read: Don't try to ram putts through the break; let the ball die gently into the cup.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Go to school on your teammates' putts to see the late break at the cup!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Avoid charging first putts past subtle double-breakers.

Why: The subtle undulations on #14 challenge even low-handicap putters.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

15 Hole 15: "Water Right, OB Right" PAR 5

WHITE RAW: 526Y · PLAYS LIKE: 540Y (+14y) · HDCP 4

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
553y	526y	526y	404y	400y	304y

KEY STRATEGY THEME: Longest Hole (553 Yds) · RED ALERT for Slicers: Pond Right & OB Right!

⛳ GREEN READ: Elevated green · OB tight right · 3 bunkers

NO-GO ZONES ON HOLE 15:

- ⛔ Water Hazard Pond Right (WATER)
- ⛔ OUT OF BOUNDS Right of Green (OB)
- ⛔ Right Greenside Bunker (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 526 YDS RAW / 540 YDS PLAYS LIKE)

DANGER HOLE FOR SLICERS! Every single penalty on this 526-yard Par 5 sits in the exact path of a short-and-right miss: the fairway slopes right toward a water pond on Shot 2, and Out of Bounds stakes hug the right side of the elevated green on Shot 3. Aim down the FAR-LEFT edge on every swing!

💡 **PRO TIP:** *"Your tee shot must favor the left side of the fairway to take the water out of play. On the second shot, lay up to the far-left side of the fairway for a flatter lie—if a layup down the right gets a big bounce, it will find the water hazard. On the approach, any miss right of the green will kick Out of Bounds."*

SHOT 1 Far-Left Anti-Slice Tee Shot

🎯 Target: Far-Left Fairway Edge

📏 **RAW YARDAGE:** 228 yds to Far-Left Landing Zone (526 yds Total from White Tee)

⛰️ **PLAYS LIKE:** Plays Like 225 yds (Hug far-left edge to avoid right tilt toward pond)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the FAR-LEFT edge of the fairway (225-yard Plays-Like carry) so your left-to-right slice finishes safely in the center-left!

↗️ **Short & Right Miss Fix:** If you aim down the middle, your fade lands on the right side where the fairway tilts right toward the pond! Aiming at the left rough line gives your slice 35 yards of room.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Left-fairway ball is safe! Tee it high and rip a full tee shot down the left-center line.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER aim center or right—the right half leaves a ball-below-feet slice lie aimed straight at the water hazard!

Why: Hugging the left side gives you a flatter lie and takes the right pond completely out of play.

SHOT 2 Far-Left Safe Layup (Avoid Water!)

🎯 Target: Far-Left Fairway (110 Yds Out)

📏 **RAW YARDAGE:** 164 yds to Far-Left Layup Zone (Leaves 105 yds Raw to Pin)

⛰️ **PLAYS LIKE:** Plays Like 160 yds (-4 yds roll — controlled 155–165y carry far-left!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play a controlled 155–165 yard carry aimed at the FAR-LEFT edge of the fairway to lay up 105–110 yards out.

↗️ **Short & Right Miss Fix:** It is tough to hit a long 200+ yard shot solidly from the sloping fairway, and any bounce down the right finds the water hazard. A controlled 160-yard shot aimed far-left won't slice into the right pond or right OB!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

105-yd left layup is safe! A second player can advance a 180–190 yard shot up the left-center, staying strictly left of the pond and right OB.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

CRITICAL: NEVER hit an aggressive 200+ yard second shot—a right fade goes straight into the right pond or right OB stakes!

Why: A controlled 160-yard layup up the far-left edge eliminates both the water hazard on the right and the Out of Bounds near the green.

SHOT 3 Uphill Left-Half Approach (+12 Yds)

🎯 Target: Left Half of Elevated Green

📏 **RAW YARDAGE:** 105 yds Center (91y Front / 119y Back · 28y Deep Green)

⛰️ **PLAYS LIKE:** Plays Like 117 yds (+12 yds uphill to elevated green — aim left half!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Add +12 yards for the elevated green (play a 117-yard Plays-Like carry) and aim at the LEFT HALF of the putting surface!

↗️ **Short & Right Miss Fix:** Out of Bounds stakes and a bunker sit immediately right of this elevated green! Aiming at the left half with a 117-yard Plays-Like carry ensures that even if you fade it 10 yards right, you finish in the middle of the green instead of OB!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the left half! Attack the pin (112–117y Plays-Like), keeping your aim line on the left edge of the flag.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER aim at the center or right of this green—any right fade kicks into the right bunker or Out of Bounds!

Why: Any miss to the right of #15 green kicks down the bank into the right bunker or Out of Bounds.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

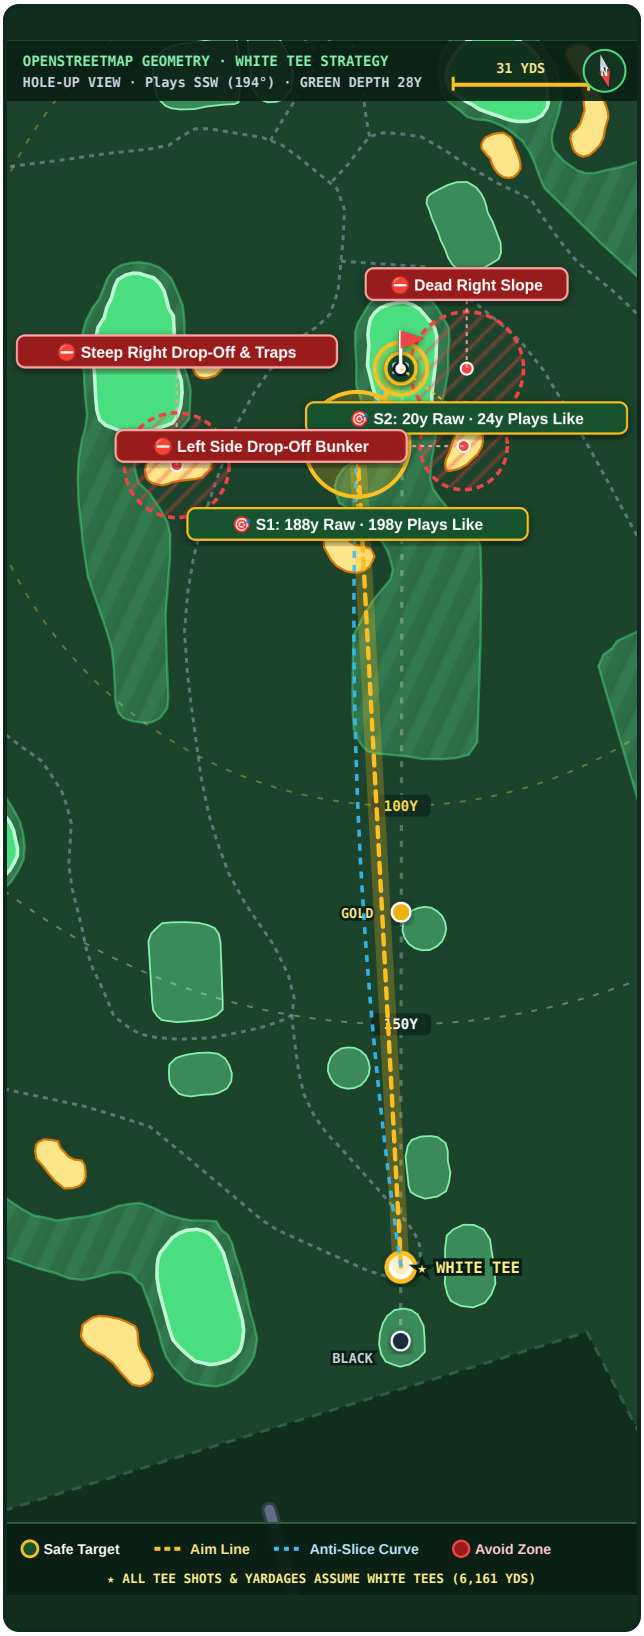

16 Hole 16: "Valley's Toughest Par 3" PAR 3

WHITE RAW: 210Y · PLAYS LIKE: 225Y (+15y) · HDCP 6

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
227y	210y	162y	162y	129y	95y

KEY STRATEGY THEME: 227 Yds Uphill · Narrow Elevated Green · Bail Out Short-Left!

⛳ GREEN READ: Elevated narrow crown · Open bailout short-left · Dead right!

NO-GO ZONES ON HOLE 16:

- ⛔ Steep Right Drop-Off & Traps (BUNKER)
- ⛔ Left Side Drop-Off Bunker (BUNKER)
- ⛔ Dead Right Slope (SLOPE)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 210 YDS RAW / 225 YDS PLAYS LIKE)

Famous as the longest and hardest Par 3 in the Shenandoah Valley (210 yds from White Tee). It plays uphill to a narrow elevated crown with steep drop-offs left and right. The #1 insider tip for scramble teams: there is wide-open grass short and LEFT of the green, while missing right is dead!

💡 **PRO TIP:** *"It plays uphill to a small, narrow crowned green. Fortunately, there is a wide-open grass bailout area short and left of the green that allows you to pitch up the ramp and still make a par. Anything missing right of the green falls down a steep drop-off into deep trouble."*

SHOT 1 Front-Left Bailout Corridor Tee Shot

🎯 Target: Front-Left Grass Bailout Apron

📏 **RAW YARDAGE:** 188 yds to Front-Left Bailout (210y Raw / 225y Plays Like to Pin)

⛰️ **PLAYS LIKE:** Plays Like 198 yds to Bailout Apron (+10 yds uphill climb)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Do NOT aim at the pin! Aim 15 yards LEFT of the green at the wide front-left grass bailout area (198-yard Plays-Like carry)!

↗️ **Short & Right Miss Fix:** Trying to muscle a 225-yard uphill carry onto a narrow crown causes players to wipe a big slice down the steep right drop-off and bunkers. Aiming 15 yards left for a 195–200 yard carry means a straight shot lands on flat grass and a slight fade hops right onto the front edge!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Bailout ball is safe! Now play the full 225-yard Plays-Like uphill distance and aim at the left edge of the green so your fade lands center.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER miss right of this green—steep drop-offs and deep right bunkers turn a right fade into an automatic bogey or worse.

Why: The front-left grass apron is the architect's built-in par-saving bailout zone.

SHOT 2 Uphill Apron Pitch & Putt

🎯 Target: Center of Green

📏 **RAW YARDAGE:** 20 yds from Front-Left Apron to Pin (27-Yard Deep Green)

⛰️ **PLAYS LIKE:** Plays Like 24 yds (+4 yds uphill grass ramp onto crowned green)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play a low running 24-yard bump-and-run straight up the front-left grass ramp onto the green.

↗️ **Short & Right Miss Fix:** Pitching up the grass throat is flat and uphill—zero bunker carry required.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Roll the putt in to steal a par or birdie on the Valley's hardest Par 3!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Do not try a high, risky flop shot onto the narrow crowned surface.

Why: Playing #16 as a stress-free up-and-down from the front-left apron beats 85% of scramble teams.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

17 Hole 17: "Road Over the Green" PAR 4

WHITE RAW: 381Y · PLAYS LIKE: 375Y (-6y) · HDCP 12

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
390y	381y	292y	292y	292y	199y

KEY STRATEGY THEME: Cross-Ridge Fairway · DANGER: OB Road Immediately Behind Green!

⛳ GREEN READ: OB Road 8 yds behind green · Front-right bunker

NO-GO ZONES ON HOLE 17:

- ⛔ Left Fairway Bunker (BUNKER)
- ⛔ DANGER: OB Road Behind Green! (OB)
- ⛔ Front-Right Bunker (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 381 YDS RAW / 375 YDS PLAYS LIKE)

A strategic Par 4 with a fairway bunker on the left and a ridge cutting across the landing zone. The #1 rule at Spotswood comes on Shot 2: Country Club Road (Out of Bounds) sits immediately behind the green, while a bunker guards the front-right corner!

💡 **PRO TIP:** *"Favor the right-center side off the tee to avoid the left fairway bunker at the ridge. On your approach, never challenge a back flag because Out of Bounds sits immediately behind the green—anything landing near the back edge will kick over the road OB. Play to the front-left or front-center yardage every time."*

SHOT 1 Center-Aimed Fade Tee Shot

🎯 Target: Right-Center Fairway

📏 **RAW YARDAGE:** 218 yds to Right-Center Fairway (381 yds Total from White Tee)

⛰️ **PLAYS LIKE:** Plays Like 220 yds (Aim center; natural fade lands in open right half)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim down the CENTER of the fairway (215–220 yard carry) so your natural left-to-right fade lands in the wide-open right-center half!

↗️ **Short & Right Miss Fix:** The fairway bunker on #17 is on the LEFT side, while the right half is wide open. Aiming center lets your natural fade avoid the left bunker without slicing into the right rough.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Right-center ball is safe! Swing aggressively (240+ yds) over the cross-ridge for a short approach in.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID pulling left into the left fairway bunker sitting at the cross-ridge.

Why: A tee shot finishing in the right-center half has the clearest view over the fairway ridge.

SHOT 2 Front-Edge OB-Safe Approach (-14 Yds)

🎯 Target: Front-Left / Front-Center Edge of Green

📏 **RAW YARDAGE:** 155 yds Center (141y Front Edge / 169y Back · OB 8y Behind Green!)

⛰️ **PLAYS LIKE:** Plays Like 141 yds (PLAY EXACT FRONT-EDGE YARDAGE — NEVER GO LONG!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play the exact 141-yard FRONT-EDGE distance and aim at the FRONT-LEFT of the green!

↗️ **Short & Right Miss Fix:** This is the ONE hole where you subtract 14 yards from the center number (Country Club Road OB is 8 yards behind the green!), yet a bunker guards the front-right corner. Aiming at the open FRONT-LEFT edge for a 140–142 yard carry avoids the front-right bunker AND guarantees you never bounce over the road OB!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Even with a safe ball on the green, NEVER play for more than 150 yards—aim front-center (142–148y) and putt uphill!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

CRITICAL DANGER: NEVER carry past 160 yards (bounces over Country Club Road OB!) and avoid fading into the front-right bunker.

Why: Anything landing on the back third of #17 green kicks over Country Club Road Out of Bounds.

SHOT 3 Uphill Two-Putt from Front Half

🎯 Target: Cup Center

📏 **RAW YARDAGE:** On Putting Surface (28-Yard Deep Green)

⛰️ **PLAYS LIKE:** Uphill Roll from Front Apron / Front Half

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Two-putt safely uphill from the front half of the green.

Putting Read: Putting uphill from the front apron or front half eliminates any risk of the back OB road.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Roll the birdie putt in from the safe front half!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

Do not charge putts past back pin locations toward the back collar.

Why: Playing from the front half guarantees your team finishes #17 penalty-free.

SCRAMBLE STICK'S GUIDE TO: SPOTSWOOD COUNTRY CLUB · HARRISONBURG, VA

18 Hole 18: "The Finale Birdie Opportunity" PAR 5

WHITE RAW: 459Y · PLAYS LIKE: 470Y (+11y) HDCP 10

BLACK	★ WHITE	W/G	GREEN	GOLD	ORANGE
470y	459y	459y	407y	404y	268y

KEY STRATEGY THEME: Short Dogleg-Left Par 5 · OB All Down Right Side · Twin Front Bunkers

⛳ GREEN READ: Uphill approach · 2 front guard bunkers · Steep back-to-front green

NO-GO ZONES ON HOLE 18:

- ⛔ OUT OF BOUNDS Right (Fairway Dr) (OB)
- ⛔ Front-Left Guard Bunker (BUNKER)
- ⛔ Front-Right Guard Bunker (BUNKER)

💨 **WIND ADD/SUBTRACT TO PLAYS-LIKE:** Gentle Breeze (Leaves Rustle): **+10y Head / -5y Tail** · Stiff (Flag Straight): **+15–20y Head / -10y Tail** · Strong (Flag Pops): **+25–35y Head / -15y Tail**

HOLE OVERVIEW & ANTI-SLICE GAMEPLAN (WHITE TEES: 459 YDS RAW / 470 YDS PLAYS LIKE)

The closing hole is the shortest Par 5 on the card (459 yds from White Tee), doglegging left toward the clubhouse. HIGH-HANDICAP WARNING: Out of Bounds (Fairway Drive) lines the ENTIRE right side of the hole—right in the path of a slice! Aim down the far-left edge on Shots 1 and 2, and add +12 yards on Shot 3 to carry the twin front bunkers.

💡 **PRO TIP:** *"The finishing hole is the shortest Par 5 on the course and plays even shorter as it doglegs left. Hug the far-left side of the fairway to stay away from the Out of Bounds road lining the entire right side. Most smart players lay up short of the twin front bunkers to leave an uphill 80-yard approach over the traps."*

SHOT 1 Far-Left Anti-OB Tee Shot

🎯 **Target: Far-Left Fairway (35 Yds Left of OB)**

📏 **RAW YARDAGE:** 216 yds to Far-Left Corner (459 yds Total from White Tee) ⛰️ **PLAYS LIKE:** Plays Like 215 yds (35y safety buffer left of Fairway Dr OB)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Aim at the FAR-LEFT edge of the fairway (210–220 yard carry) so your natural fade finishes in the center-left!

↗️ **Short & Right Miss Fix:** Fairway Drive (Out of Bounds) runs down the entire right side of #18! Aiming down the middle means a slice goes OB. Aiming at the far-left edge gives your fade 35 yards of safety and shortens the dogleg left!

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Fairway ball is safe! Aim down the left-center corner (235+ yds) to cut distance off the dogleg.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER aim center or right—a slice goes straight over the fence onto Fairway Drive (Out of Bounds)!

Why: Hugging the left side keeps your slice 100% safe from the right OB fence and shaves 25 yards off the hole.

SHOT 2 Left-Center Layup Short of Twin Bunkers

🎯 **Target: 80-Yd Layup Zone (Short of Front Bunkers)**

📏 **RAW YARDAGE:** 147 yds to 80-Yd Layup Zone (Short of Front Guard Bunkers) ⛰️ **PLAYS LIKE:** Plays Like 150 yds (Controlled layup leaving 81y Raw to Pin)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Play a controlled 145–150 yard layup aimed LEFT-CENTER to stop 80 yards short of the twin front greenside bunkers.

↗️ **Short & Right Miss Fix:** Trying to force a 220+ yard second shot into this uphill green brings both the right-side OB AND the twin front bunkers into play. A controlled 150-yard layup down the left-center leaves a flat, stress-free third shot.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

80-yard layup is locked in! Now your longest hitter can aim at the left greenside bunker (215y Plays-Like) and let it fade onto the green.

⛔ **DIRECTIONS & HAZARDS TO AVOID**

AVOID forcing a long second shot that slices Out of Bounds right or plugs in the two front guard bunkers.

Why: Laying up short of the twin front bunkers leaves the ideal uphill angle to attack the pin on Shot 3.

SHOT 3 Uphill Carry Over Front Traps (+12 Yds)

🎯 **Target: Center of Green (Carry Twin Bunkers!)**

📏 **RAW YARDAGE:** 81 yds Center (69y Front / 93y Back · 24y Deep Green) ⛰️ **PLAYS LIKE:** Plays Like 93 yds (+12 yds uphill rise & to carry twin front bunkers!)

🛡️ **CONSERVATIVE SAFE PLAY & BEST DIRECTION TO AIM**

Add +12 yards (play a 93-yard Plays-Like carry) to clear the uphill rise and twin front bunkers, aiming at the LEFT-CENTER of the green!

↗️ **Short & Right Miss Fix:** Two bunkers guard the entire front entrance to this uphill green—an 80-yard shot plugs straight into the front-right bunker! Playing for a 93-yard carry aimed left-center flies both traps and stops below the steep back tier.

🟢 **CAVEAT: TEAMMATE HAS A SAFE SHOT IN PLAY (SCRAMBLE GREEN-LIGHT)**

Safe ball on the green! Attack the pin (90–93y Plays-Like) to close out the tournament with a birdie!

⛔ **DIRECTIONS & HAZARDS TO AVOID**

NEVER play for less than 88 yards (plugs in front bunkers) OR fly past 102 yards (steep back-to-front slope!).

Why: Carrying the twin front bunkers onto the center of the green sets up an uphill birdie putt to finish the round.
